In the past, certain industries were predominately occupied by males, but today, women are breaking barriers in all spheres and are building successful careers in those respective fields. Thandiwe Zozo (centre) is just one of many women who is now part of the construction industry. The Crossmoor mother of two will be celebrating Women's Day by spending quality time with her children. Like Zozo, Molly Pillay and Sylvie Moonsamy have also taken up roles which were previously occupied by men only. Read more about their journeys on page 2. The staff and management of the Rising Sun Newspaper wish all women a Happy Women's Day.

Behind the scenes...

Forced to enter the employment world after her husband could not work due to an illness, mother of four, Molly Pillay, now 52, began her job as a car guard at the Chatsworth Centre parking lot, 27 years ago. The Welbedacht East resident does not earn a salary and relies on tips from generous vehicle owners for her bread and butter. After educating her children with the money she earned from tips, Pillay says she still could not afford the fees for her children to further their education after secondary school.

"I believe that everyone works hard for their money despite their job descriptions being different. I feel empowered and proud to be employed knowing I can provide for my family while earning a honest salary, making sure that residents' vehicles are safe while they shop. I fondly remember being honoured by the Chatsworth SAPS and the Chatsworth Community Policing Forum for intercepting the theft of a vehicle and subsequently being instrumental in the suspect's arrest," she added.

Pillay will spend Women's Day working and says the smallest tip she received was five cents while the biggest tip she got was R500 from a shopper during the festive season. "Although there are times when we are able to make ends meet with our tips, there are many days where we struggle to earn money, which impacts on our ability to cope with household demands. I do not give up and will always remain a strong and independent woman who will strive to cope," she concluded.

What was once a male dominated job is now being held down by Chatsworth's only female conductor, 59-year-old Sylvie Moonsamy.

"I was a house wife and after my husband struggled to find someone trustworthy to work as a conductor, I decided to help him and took on the job. I now feel empowered as I earn a salary and am able to take care of my

own needs financially. The best part of my job is to assist the elderly and I enjoy meeting new people every day. I would not want to be employed in any other field," she said.

DA crushes ANC in Chatsworth in Local Government Elections

Chatsworth has turned blue after the Democratic Alliance (DA) crushed the ruling ANC party in Chatsworth and in all Indian suburbs in the 2016 municipal Local Government Elections last Wednesday, winning by an overwhelming margin.

Chatsworth and Phoenix were previously controlled by the Minority Front, but after the demise of party leader, Amichand Rajbansi, it lost its support base in all Indian areas. Ward 69 in Bayview which was won by ANC's Brandon Pillay in the 2011 municipal elections was also snatched away by the DA. Rajen Pillay, a staunch supporter of the DA, said he was overjoyed after the results were released in Chatsworth and coun-

DA leader, Mmusi Maimane.

trywide. Pillay who has been a supporter since the days of the then party leader, Tony Leon, said, "The days of the ANC in Chatsworth are numbered. The ANC has done nothing for us in this country. Under the leadership of President Jacob Zuma, we have only seen mismanagement of funds, corruption, no service delivery and increase in crime. I am confident that in the national elections in 2019, the DA again will rule Chatsworth and Phoenix. The DA is a peaceful and non-violent party that believes in clean administration. It has a vision and we should never allow Chatsworth and other areas to go back to the ANC and its communist alliance partner." He went on to say that the MF performed dismally in

the elections and their days are also done. A member of the ANC who did not want to be named said the DA may have won the Indian vote but the party did not win a single municipal council in KZN. "We will wait and see what the new DA councillors will do to improve the lives of our people in Chatsworth and surrounding areas," said the member.

Firearms recovered in raided Hillary home

Members of the Bellair SAPS recovered 12 more firearms from a Hillary home on Wednesday, after an informer had given them information that there were still firearms on the property, which was initially raided a few weeks ago.

Communications officer of the eThekweni Inner South Cluster, Priya Nunkumar, said, "After members of the Bellair SAPS raided the house, eight more firearms were recovered. The firearms were identified as a Webley and Scott Pistol, Gold Mamba 9mm pistol, English Bulldog revolver, Colt revolver, Smith and Wesson revolver and a rifle.

The recovery also included a revolver of an unknown manufacturer, two pistol frames and three magazines. An additional four firearms, which were recovered, contained no visible serial numbers. The ownership of these firearms has not been determined and all firearms have been sent to ballistics to confirm the manufacturer, model and serial numbers."

Members of the Bellair SAPS had recovered 27 firearms, 2000 rounds of live ammunition and 50 canisters of gunpowder from the same Hillary home on July 21. The ownership of the 12 recovered firearms has not been determined, so there are no arrests made yet.

eThekweni Inner South Cluster commander, Brig Keerath Nunkumar commended members on their second excellent firearm recovery within the past 30 days. "Bellair SAPS has been determined in their operations to keep firearms off the streets," he said.

Cilla Webster and Shirley Sameul did not cast their votes.

Physically challenged residents angered over 'unfair' elections

Residents living in the Cheshire Village in Croftdene feel they were unfairly treated after they were not visited to cast their special vote during the local government elections, last week.

The Cheshire Home is a residential facility for people with physical disabilities and also consists of independent living cottages for people with disabilities who are independent but disabled. The facility is currently home to about 50 people who did not vote.

One of the residents, Cilla Webster, who suffers from post-polio syndrome, said, "With so many of us not being visited to get our special vote, this election cannot possibly be free and fair. It is biased against the vulnerable in this country who are unable to get to the ballot box. There is nothing colourful about this rainbow nation. When I

was young and able to work, the government of the day took my tax money. The least the current government could do is honour us in our old age instead of waxing lyrical about all they do for the elderly and disadvantaged. I am angry and disgusted."

Speaking on behalf of the residents, social worker at the home, Winnie Gumede, said, she also did not vote after seeing how the disappointed the residents were when their special votes were not caste.

"During the general elections in 2014, the residents informed me that they have never voted previously while living in the home so I made the necessary arrangements so that they could cast their special vote, however, the authorities did not come to take their votes. This has been the second

Residents urged to identify deceased

Members of the Bayview SAPS are searching for anyone with information which may lead to the identification of a man who was killed in a collision on Higginson Highway, on July 20. According to communications officer of the Bayview SAPS, W/O Collin Chetty, the remains of a man, who is about 25-years-old, was found on the centre island. "The deceased was wearing a grey jeans and powder blue striped shirt," he added. Anyone who can assist with the identification of the deceased or the investigation can contact D/W/O Babs Perumal on 031- 405-7204 or 074-315-4774.

Alleged drug dealer assaults, bribes cop during arrest

Drugs worth thousands of rands were confiscated during a recent raid.

A 30-year-old man was charged for dealing in drugs, possession of drugs, assault and bribery, by members of the National Intervention Unit (NIU) Durban, along Summerfield Road, on Wednesday afternoon. According to communications officer of the Bayview SAPS, W/O Collin Chetty, the man

was arrested with 237 capsules, suspected to be containing heroin, with an estimated street value of R4,740. "While affecting the arrest, the suspect assaulted the police officer and then later tried to bribe the officers with the cash that he had in his possession. The suspect was arrested

and will appear in the Chatsworth Magistrate's Court," he said.

Later that night, the same officers of the NIU arrested a 35-year-old man with 9600 capsules, suspected to be containing heroin, with an estimated street value of R150,000 in Symphony Road.

The suspect's vehicle was also seized. Station commander of the Bayview SAPS, Lt Col Balram, commended the members for their excellent work. "One of our priorities in the Bayview policing area is to eliminate drugs in our community," he said.

Anyone with information regarding drug trafficking can contact Det Cpt Devan Moodley on 082-567-4189.

75 suspects arrested during 'Zero Tolerance' operation

The eThekweni Inner South Cluster held a massive 'Zero-Tolerance' operation to reduce crime in the area, at the beginning of the month. The 48-hour operation resulted in a total of 75 arrests, including an arrest of a murder suspect.

The operation included all 10 stations from the cluster, working hand-in-hand to curb the crime before the Local Government Elections could begin. Communications officer of the eThekweni Inner South Cluster, Priya Nunkumar, said, "Together, members of the various sta-

tions involved arrested 48 drug suspects and recovered a variety of drugs, including heroin and dagga. There were also 22 arrests made for dealing in liquor, four arrests for prostitution and one arrest for dealing with stolen property.

Wentworth SAPS made a successful arrest, by nabbing a wanted murder suspect." The eThekweni Inner South Cluster commander, Brig Keerath Nunkumar, commended his team for doing their best to curb crime in the

area. "The cluster's 'Zero-Tolerance' operation will send out a message to criminals to be aware that the police are going to be keeping Chatsworth and surrounding areas drug and crime free," he said.

Seen are Blue Security's managing director, Henk Van Bemmelen, together with the Silverglen Selfhelp chairman, Shaun Hammond, Blue Security's domestic sales representative for Silverglen, Mukesh Ramdeo, Silverglen Selfhelp deputy head, Dr Sudesh Rathilal, Blue Security special projects manager, Stephen Wimborne and community policing officer, Shaun Kanni, with the vehicle.

Silverglen residents take back their streets

Hundreds of Silverglen residents, who decided to take back their streets from criminals operating in the area, partnered with Blue Security to introduce a dedicated vehicle, as part of a 'Blue Zone' special project, recently. The first patrol of the suburb took place on Monday and residents believe that crime will now be significantly reduced in their area.

Silverglen Selfhelp chairman, Shaun Hammond, who was instrumental in obtaining the vehicle to ensure the safety of residents, said

more than a dozen residents had earlier joined forces to regularly patrol the area following a spate of serious and violent crimes several years ago, resulting in a dramatic drop in crime.

"As committed fathers striving to protect our families, we stood together in our fight against crime and reduced crime by about 96 percent. We also have a good relationship and partnership with the Bayview SAPS, who respond to our complaints after hours and come out to assist us. Having a dedicated vehicle that only re-

sponds to incidents in a specific geographical area within a suburb not only impacts response times positively but also strengthens proactive policing," said Hammond.

He added that he and some of the dedicated residents of Silverglen had managed to 'take back' the Silverglen Nature Reserve, which was once a frequent thoroughfare for criminals, and the reserve is now open for recreational use.

Hammond concluded that patrollers were in constant radio communication and had responded to incidents at all times of the day and night but the launch of the dedicated patrol vehicle would now provide an exclusive armed response service and professional proactive policing of the suburb.

Blue Security's special projects manager, Stephen Wimborne, said the company was delighted to partner with residents.

"We know from our experience that the introduction of a dedicated vehicle to patrol a suburb as a "Blue Zone" transforms the profile of the area as one that becomes more difficult for criminals to thrive in," he said.

Investigations continue after jewellery store robbery

Investigations are continuing following a robbery at the Golden Jewellers store at the Chatsworth Centre, last week. Communications officer at Chatsworth SAPS, Cpt Cheryl Pillay said, "Chatsworth SAPS is investigating a case of a burglary at Golden Jewellers at the Chatsworth Centre. It is alleged that at the end of business, the shop was secured. The following day, the manager returned to find that the shop had been broken into. At this stage, jewellery and cash have been taken."

viewed by the owner of the store, Dalip Rajcomar. He said that they are still continuing with stock taking and that the exact amount of goods that were stolen has not been confirmed yet.

Chatsworth Centre manager, Nishtha Sanichur confirmed the incident and could not comment further in this regard. If anyone can identify the man in the attached picture, they are urged to contact W/O David on 074-783-0310 or email josephdavid@saps.gov.za as it will assist in the investigation.

Police are searching for this man as he will assist in their investigation.

Havenside hijacker sentenced to 15 years

A 36-year-old man, who hijacked a woman in Havenside, felt the full wrath of the law after he was sentenced to 15 years imprisonment, recently. Swift work by the Bayview SAPS detectives led to the arrest of Thusi Mduzuzi. According to a police report, the accused was out of prison on parole for armed robbery. Communications officer of the Bayview SAPS, W/O Collin Chetty said that Mduzuzi was arrested by members of the Umlazi Task Team about 20 minutes after he hijacked the woman. "Det W/O Kevin Nair produced meticulous work, ensuring every

point of the investigation was done precisely without any fault, which led to the conviction of the accused. The accused was on parole for armed robbery and will serve his remaining years in prison until 2022 and then start serving his 15 years imprisonment for this case. The Public Prosecutor and magistrate, Anand Maharaj, complimented the manner in which Det W/O Nair conducted himself and his presentation of work," added W/O Chetty. Station commander of the Bayview SAPS, Lt Col Balram thanked Det W/O Nair for the time and effort he placed on serving his community.

Stay protected at ATMs with these tips

Due to recent reports of fraud and theft at ATMs in the Bayview area, communications officer of the Bayview SAPS, W/O Collin Chetty, released the following tips:

- Be alert and conscious of your surroundings when using an ATM.
- Never give your card or pin (personal identification number) to anyone, for any reason.
- Do not write your pin on the card or anything that is kept with the card.
- Do not insert your card until asked to do so by the display screen.
- Never use an ATM with a blank screen. If the ATM is obscured from view or poorly lit, leave immediately and use another ATM.
- Stand close to the ATM and use your body and hand as a

shield to make sure that nobody sees you keying in your pin.

- Make sure you keep your hand over the card slot to make sure nobody can swop or take your card.
- Never accept help from strangers when using an ATM. Also be wary of strangers asking for help.
- Criminals work in teams. One will distract you while others steal your card or money
- If your card is retained (swallowed) by the ATM, it is advisable to phone your bank toll free stop card line immediately and block your card.
- Never allow a stranger or bystander to call the toll free stop card line on your behalf as they could be tricking you into thinking that your card has been stopped.
- Security guards are

placed at some ATMs to discourage criminal activities and therefore cannot help you with your transactions.

- If you need help, ask a bank official.
- It is advisable to set a daily ATM withdrawal limit on your account.

Drowning Prevention -

by Lifesaving South Africa

For the first time in South Africa, a scientific advisory committee dedicated to drowning-related research has been formed. Drowning is the third leading cause of unintentional injury death worldwide, accounting for 7 per cent of all injury-related deaths. There are an estimated 372 000 annual drowning deaths worldwide. This estimate was made in the year 2012. Whether or not this figure has increased or decreased is unclear as obtaining this type of statistics is a huge challenge. The task of compiling or drawing on numerical statistics on drowning especially in South Africa is an extremely challenging. This is because there is no appropriate sources or technology needed to obtain statistics. Kareemah Bester, Intern Media Officer at Lifesaving South Africa

(LSA) said, "The ability to obtain drowning statistics will be extremely helpful in the struggle against drowning, which is a serious and neglected public health threat. Life Saving South Africa has decided to assist with this challenging task." Lifesaving South Africa has recently incorporated a research arm under the Drowning Prevention Portfolio in their organisation. With the recent floods and the reported drownings, the LSA has incorporated a research arm under the drowning prevention portfolio in their organisation. The research activities of this committee are guided by the needs of the Lifesaving South Africa community and the aim of this committee is to provide an evidence base to help inform Lifesaving South Africa's activities and policy.

Stall owners encouraged to support upcoming flea market

Volunteers have united to organise one of the biggest flea-markets ever held in Chatsworth and are making a call to stall-owners to register. Organised by the Nelson Mandela Chatsworth Youth Centre and Revolution Motorcycle Club, this monthly market will be held at the youth centre on the first Sunday of every month, starting from September 4 from 9am to 3pm. Called the 'Inner-Circle Flea Market', this family friendly flea-market will have stalls, fun activities for children, live music, and a lot more. The organisers say they are hoping to attract thousands of people from Chatsworth and other parts of Durban, for a unique market experience. The market stalls will be in the youth centre car-park, hall and basket-ball court. There will also be all kinds of live entertainment in the centre's amphitheatre area for most of the day. This is a major fund-raising initiative to get the youth centre re-furnished, restored and to fund programmes. Clive Pillay from the youth centre explained what's needed to get the market going, "We are calling on vendors to register to set up stalls at the market. You can be an existing vendor that operates at other flea-markets or you can be an unemployed person wanting to start a small business. This flea market hopes to attract stallholders that sell creative crafts, second hand goods, food, toys, clothing and all things exciting," Pillay said. To get an application form or to register, you can go to the Chatsworth Youth Centre on Saturday mornings between 9am and 11am. You can also call Tekiesha on 084-460-8601 or email her to get an application form, circle.flea-market@gmail.com

Residents empowered at values in business workshop

The South African Institute of Sathya Sai Education (SAISSE) recently hosted a free workshop which highlighted the values in business. Hosted at Westpark School, Queensburgh, the workshop was well attended by people from different faiths, culture and types of businesses. In her opening address, the director of the Sathya Sai Institute Education of SA, Dr Lalini Reddy quoted Prof RK Bhaskar, Faculty of Management and Commerce, Sathya Sai Institute of Higher Learning who said that of the six Ms in business management, namely men, money, materials,

machines, methods and markets, men (symbolising human beings) men are the most important as they determine how the other five Ms are utilised. The founder of the Sathya Sai Education in Human Values programme said, "Men are more valuable than all the wealth of the world. Thus it is man management or self-management that enables executives to achieve professional success." Dr Reddy went on to explain the various facets of the mind and senses and how to control it so that people can operate from a level of higher consciousness.

Beware of 'phishing' scams

Phishing is an email-based attack where a malicious email is sent to you for the purpose of coercing sensitive information about yourself or the SAPS. It is also the most common means of obtaining information to attack an organisation or unsuspected users. Communications officer of the Bayview SAPS, W/O Collin Chetty, said, "The false emails often look surprisingly legitimate including links to web pages, where you are asked to enter information such as your full name, address, phone number, and credit card numbers. Different emails are

being sent to attract victims, some emails might refer to your personal information that needs to be updated or validated, by clicking on a link provided and entering your username and password. Do not trust poorly written emails with spelling and grammatical errors, do not click on the links of such emails rather navigate directly to the website in question. To protect yourself from phishing attacks use trusted software and set it to update automatically, and do not send personal or financial information via email as it is not safe."

Women empowered at ADF programme

Women from around the community were treated to an empowerment programme hosted by the Anti-Drug Forum in commemoration of National Women's Day. Various stakeholders were involved in the programme and reiterated the important roles that women play in society and the workplace. ADF's social worker, Shantal Bechoo, was instrumental in putting the programme together and said that women play a vital role in the workplace, home and society at large. "I would like to place on record my sincere thanks and appreciation to the stakeholders, including Jessica Gounden from Jessica Gounden and Associates, who was the key note speaker, Melisha from Hair by Mel Beauty Academy and Salon, Chatsworth Centre for the sponsorship of bags, Pst Pricilla and community worker, Pam."

Staff of the clinic were thankful that the programme was a tremendous success.

Senior staff highly recommend that all mothers breastfeed.

Highlighting the sustainability of breastfeeding

The RK Khan Hospital's Antenatal Clinic once again shared their commitment to World Breastfeeding Week by hosting an informative programme, which provided much insight on the importance of breastfeeding to new and expectant mothers. This was a double celebration for the hospital due to the fact that the programme was hosted in a brand new clinic. World Breastfeeding Week is commemorated annually from August 1 to August 7, and this year, the theme focused on the sustainability of breastfeeding.

According to the World Breastfeeding Week website, breastfeeding is not only the cornerstone of a child's healthy development, but is also the foundation of a country's development. The staff of the antenatal clinic strongly believe in this saying and are hopeful that by recognising that breastfeeding is a key to sustainable development, others will value their wellbeing from the start of life and also respect each other. At the programme, glowing mothers-to-be and happy new mothers were enlightened on the importance of good nutrition.

Head of the antenatal clinic, Sister L Harrinunan said that it is imperative to host programmes of this nature to reiterate the fact that breast milk is ideal for an infant's nourishment. When women arrived at the event, not only did the staff of the clinic try to keep them as comfortable as possible during proceedings, but they also presented them with tasty, yet nutritious treats such as breakfast muffins, beverages and fruits. As if this was not enough, gift packs were also presented to the women who were extremely grateful. Enlightening addresses were delivered at the programme and a role-play session conducted by staff members was the highlight for many. HIV co-ordinator of maternity at the clinic, Sister Ragini Munsamy said, "Many women are unaware that breast milk is best for their baby. The benefits of breastfeeding extend well beyond basic nutrition and that is mainly why our antenatal clinic proudly supports breastfeeding. It is also imperative to note that should a woman test positive for HIV, then we immediately begin her ARV treatment. Usage of ARVs prevent mother to child transmission and also leads to a healthy baby and a happy mother." Sister Harrinunan added, "Our doors to the community are always opened and our team of dedicated nurses and sisters are more than willing to assist those in need of guidance or information." In light of the successful programme, the clinic wishes to extend their heartfelt thanks and appreciation to everyone who played an instrumental role and also the mothers, who showed great attention during the proceedings.

Women's Day feature

Sandi lost 22 kilos in 10 weeks and 22 years and four kids later, the weight is still off

"Thanks for such a fantastic weight loss product. You have changed my life. I had a weight problem my whole life. I was a fat child and a fat teenager. I had a fat wardrobe and a thin wardrobe. I tried injections, powders, in fact anything that came onto the market. I would lose a few kilos and when the cravings got too bad or I got tired of being hungry and ate normally again, I would pick up all the weight again, plus more. Once I lost 20kgs in two months and then picked up 30kgs in the next month. I was totally frustrated and depressed and felt I was always going to be fat. Then I then fell pregnant with my first child and picked up more than 20kgs with the pregnancy. I hated myself. After the baby I lost a bit with the birth and felt confident that I would lose more with breastfeeding as everybody told me that I would. I then fell pregnant with my second child and picked up more weight. My second child was born when my first child was 20 months. I breastfed my first child all the way through my second pregnancy. I decided to take my first child off the breast when he was 18 months, two months before my second child was born. I started breastfeeding my new baby. Once my first child saw the baby drinking he also tried to drink and went hysterical if I didn't let him. I didn't want him to have any resentment towards

the baby so I let him drink as well. This continued for 18 months. Both of them grew and developed beautifully, but I was still fat and didn't lose any weight with all this breastfeeding. I then heard about Turbo Trim, a product from Weightloss24's but I didn't want to take anything that would affect my babies. I made enquiries about the ingredients in the Weightloss24 Tablets and found out that all the ingredients are totally natural and have no side effects and that the Weightloss24 Tablets would be safe to take even if I was breastfeeding. I started taking the tablets but didn't stick to a diet. After a week of taking the tablets I decided to weigh myself and too my delight discovered that I had lost 3kgs without dieting! I was over the moon. My body was receiving all the nutrients it needed from the Weightloss24 Tablets and they were starting to normalize my body. As a result the terrible cravings disappeared. To my delight I lost 22kgs in 10 weeks. I felt fantastic. I had lots of energy and didn't feel tired and listless as I had felt on other diets. I didn't have any loose skin as I had had after other diets. My babies grew and developed beautifully and there were no side effects on them at all. I can't thank Weightloss24 and Turbo Trim enough for giving me a normal life and me-

tabolism. It is wonderful to think that I never have to go on another diet again. I have four wonderfully healthy normal children, am now 53 years old and weigh less than I did as a teenager or on my wedding day. To all your cus-

tomers, go ahead, take a chance and let these tablets give you your life back too!!"

Vani Govender

The power of modern day women

Since time, immemorial women have played a pivotal role in the development and enhancement of every sphere of life that is known to man. I can proudly and confidently state that there is nothing that a woman is unable to achieve. Women possess an innate power and ability-with the true potential to bring forth the very best in all that she says and undertakes to complete in life. Every woman has deep within her a perfect balance of courage; compassion; wisdom; strength; beauty; gentleness; determination and grace. Women have become a catalyst for profound and ground-breaking social transformation. Through various facets of life woman have epitomised their true inner beauty by bringing forth formidable change. Women make a dynamic and positive impact wherever they go. From being a nurturing mother – a giver of life; the devoted and loving wife; an awesome friend; the loving sister; the corporate leader; an inspirational poet or author; a mentor; an activist; a confidante; a teacher; a healer and many more innovative and relevant roles both within her family circle and the greater community.

Through my community involvement spanning over a period of 15 years, I have had the privilege and honour of meeting and working with a host of amazing women who have embraced their feminism and taken the challenge to make significant strides within a somewhat male dominated society.

I urge every woman out there to truly believe in the amazing gifts and talents that God has bestowed upon you. Remain true to your calling and real purpose in life which is to bring about change and a make a tangible difference wherever you go. To continue to be a driving force within your family and friends, your community and the world at large. Let us all unite as women and together forge a new path ahead for the future generations to follow and emulate. Let us encourage; motivate and empower each other to greater heights. To this end I would like to wish my beautiful mother and sisters, the amazing female Rotarians/ Anns' of the Rotary Club of Chatsworth and the rest of our most powerful female community a most blessed and happy Women's Day 2016. I salute you all. **Vani Govender – Youngest female president of Rotary Club of Chatsworth, renowned motivational speaker and community activist Vani Govender can be contacted on 082-573-5082.**

Pet care

As the whole of South Africa commemorates and celebrates women, we at The Chatsworth Animal Clinic, salute all the women that are breaking boundaries; raising awareness on gender equality; and making a positive contribution to their families, communities and their social circles. We would also like to take this opportunity to raise awareness on the issues that are relevant to our furry female pets. The pressure on all welfare organisations that take care of abandoned and stray animals is ever increasing due to the rising population of unwanted pets. One of the best ways to curb this issue is by sterilising our pets, and probably leaving the breeding of dogs to qualified breeders. Sterilising your females lowers the risk of mammary tumors and cancers of the uterus and the ovaries. It also eliminates 'pyometra' (a possible emergency situation). A pyometra is an infection of the uterus that can result in death. August is Spay month at The Chatsworth Animal Clinic. With a lot of information available on various websites and social media sites, it is still best to seek the advice qualified persons on these matters in order to make informed decisions; ie your veterinarian. Happy Women's Day

'Hyena' lets loose on girls while Women's Day is observed

A daily newspaper dated July 29, 2016 reported that a man referred to as a 'hyena' in certain villages in Malawi, had sex with more than 100 females. Most of them were underage, the youngest being 12-years-old. Sex with the adolescents marked their passage to adulthood. A 'hyena' refers to a male sex worker who is paid by the family to have sex with women and girls for ritualistic purposes. In certain rural areas of Malawi, a woman recently widowed, is expected to have sex with a member of her husband's family to exorcise the spirit of the person who died. If she does not consent, future deaths in the village would be blamed on her. The relative could pay a 'hyena' to have sex with the widow in his stead. The above cultural practice is one of many in the world that discriminates and oppresses women. In war times, the rampant rape of women of the opposing side was to instill fear and break the moral fibre of the people. Historically, men used women as possessions or their slaves. Changes slowly occurred as women become emancipated through education, financial means, legislation

and a protective constitution. Hence, Women's Day 2016 is a time for all of us to reflect on current practices, and to stand up against outdated cultural and religious ways that demean or keep women in subjectivity. The inspirational quotes below are from famous women who stood up against inequality and oppression. "The greatest threat to women (and by extension humanity) is the growth of a misogynistic, authoritarian and violent culture of militarism." *Amina Mama.* "Extremists have shown what frightens them most: A girl with a book." *Malala Yousafzai.* "I alone cannot change the world, but I can cast a stone across the waters to create many ripples." *Mother Teresa.* Let each of us join together to form ripples of hope that combine to form mighty waves that will destroy the walls of oppression against women and children.

We need to stop 'porridge jols'

Editor - I was invited by a friend to his house for a prayer, recently. Out of curiosity, I decided to go as a keen observer and get an overview of the happenings. The Ammen prayer is a tradition which has been handed down through the generations by our forefathers. Many families have a morning prayer which is total vegetarian. I stand to be corrected but it seems that the afternoon prayer forms an almost insignificant aspect of activities. While the prayers were in progress beers was freely available. Then the cards came out for a game of thuneer under the tent showing no respect to the prayers that were happening. I was ashamed knowing very well the significance of the prayer was totally lost. The aim of this letter is for some of our cultural leaders to spark a debate and awaken our religious leaders to start to provide proper direction to our people. It is bodies like the MTSS, and Natal Vedic Society Trust who need to

start to go on a drive and educate our people on prayers and perhaps encourage a mass prayer at temples where scholars would be present to educate and enlighten our people rather than have these so called porridge jols.

Registration of Service Providers on the National Treasury Central Suppliers Database (CSD)

This advert aims to inform all prospective service providers of the CSD system which was launched on 1 September 2015 by National Treasury. Government has introduced several supply chain management reforms in order to modernise public procurement as per a Cabinet resolution dated 10 December 2014.

Fat Buster - changing the shape of the nation since 1999

Obesity is fast becoming a world-wide epidemic. South Africa has the highest obesity rate in Sub-Sahara Africa with up to 70 percent of women and a third of men being classified as obese. A staggering 40 percent of women in our country are obese. Obesity carries health risks such as cardiovascular disease and high blood pressure. This increase in weight is attributed to an unhealthy lifestyle that could among other things, include an excessive consumption of unhealthy or wrong food.

Fat Buster was launched in 1999 and has been advertising with the Rising Sun since its inception. They have had tremendous success with the product and one of the reasons it has been so popular is that one does not need to go on a diet to lose weight. Simply take one Fat Buster capsule half an hour before lunch and dinner and the Fat Buster will trap fats

from the foods that you eat. One capsule absorbs up to 15 times its own weight. Because your body still needs fats to function normally, your body is then forced to use up the stored body fat in other words the weight you are trying to lose. The product comes with detox tablets. Most people find it difficult to lose weight because of the heavily laden toxins in the body. Once the toxins are released, weight loss becomes a breeze. Fat Buster is 100 percent natural, does not contain any drugs or stimulants and is Halaal certified. Weight losses of up to 12Kg per month have been reported. One of the benefits of taking Fat Buster is feeling younger once you lose weight, in addition to better health. Clients have reported trying just about every product on the market and are impressed by

Fat Buster. No more hunger pangs, lowers cholesterol levels, balances blood pressure and is excellent for diabetes as it balances the blood sugar level. Fat Buster is also excellent for constipation, clears acne and detoxifies. No strenuous dieting required with Fat Buster. Get the body you only dreamed of!! Guaranteed permanent weight loss. Kay Reddy, 59-years-old (Pictured) is the brand ambassador of Fat Buster and personally endorses and recommends Fat Buster. She has maintained her weight of 50Kg for the past 17 years!! Fat Buster – the winning formula to your health and weight problems. There is no better time than now to get into shape for summer. Their Women's Month special is the Fat Buster together with detox tablets for R640. Their normal price for

Kay Reddy.

that is R810. You will also get a further R150 off when you order a three month supply, posted to you free of charge because you

deserve it. Visit www.thefatbuster.co.za for amazing specials. Call 032-943-3910 or 082-535-1347 to order.

Book your massage at the Desi Girl Beauty Spa

At Desi Girl Beauty Spa, we specialise in the professional art of tantric massage. Tantric massage is practiced in the nude, however is not to be confused with a sexual act.

Tantric massage is the combination of massaging of erogenous pressure points and sensory lines to release mental, physical and physiological stress. Tantric massage very often also releases psychological and emotional stress you may have no idea is there.

A Tantric master was quoted as saying, "While ordinarily, an ignorant person can fall into decline through sexuality, an intelligent person, who controls himself, can rise and progress precisely with the help of sensuality."

At Desi Girl our practice is up market, elite spa and consideration for your safety and hygiene is guaranteed.

We are open seven days a week from 8am – 8pm. Contact us on 031 566 4775 or 031 566 4532 to schedule your appointments. If you have any enquiries, call 081 713 2523 or 081 712 6911.

Are you suffering from Rheumatism, neck and arm pain, loss of lordosis, spondylitis and general aches and pains?

The most common remarks made by my patients at their first visit are: "I feel lighter" and "I feel happier". My work produces a generally better quality of life and is not limited to the neck and arm pain.

I use no needles only my hands. I also specialize in Knee, shoulder and wrist adjusting (Carpal Tunnel Syndrome)

The secret of attaining true health

By Dr Roger Powell DC (Palmer USA)

Also explained: Diabetes and miscarriages.

In order for the human body to be able to function normally as in health, it needs a few things to be in place. It needs air, good nutrition, exercise and above all, a nerve system that is free of interference which in addition, is why it needs maintenance. We are encouraged to maintain our teeth with regular dental check-ups. Why should it be that we are not encouraged to maintain our health through spinal hygiene? Could it be that the people we trust in to keep us healthy, actually prefer to keep us sick? When the truth is known, even the man, Dr Ignaz Semmelweis, who invented hand

washing in an obstetrical unit at the University of Vienna Medical School in 1848, thereby saving countless women from dying from vaginal infections caused by dirty hands of medical students, was fired and the students told NOT TO WASH THEIR HANDS. (Taken from the book racketeering in medicine, by Dr Peter Carter MD PH.) The reason we eat food, is to provide the body with raw materials which are used in many ways, such as repairing old and damaged tissues. Raw materials are also needed for the manufacture of various vital substances the body needs. Synovial

fluid is a lubricant for all joints and is made by specialized membranes in the joints. This can only happen if enough blood reaches these membranes or bursae. By the same token, the glands of the Endocrine System such as the Pancreas which makes the insulin needed by the Diabetic sufferer, also needs blood with raw materials. The blood vessels which supply the pancreas are called the pancreatic arteries and are controlled, in terms of opening and closing (vasomotor function) by nerves which get jammed up by misaligned vertebrae in the spine mainly between the shoulder blades. When these vertebrae, mostly between T/5 and T/7 become misaligned and jam up the relevant nerves thus preventing the arteries from dilating and delivering the blood with the raw materials, a problem will soon manifest; such as Diabetes. Women that continually have miscar-

riages have a problem with 'NOT ENOUGH' blood reaching the placenta. The foetus ends up dying of starvation. Adjusting the L2/L3 area of the lower back is the logical approach. Hippocrates, the father of Medicine made a few interesting observations: "In case of illness look first to the spine and not medications." "Physician heal thyself."

is what my work which is known as subluxation-based chiropractic has to offer. Drugs are dangerous whether pushed or prescribed and at best only attempt to treat symptoms. My work involves treating the cause of sickness non-invasively and cost-effectively. What is needed is awareness and a change in attitude. My work is safe and I take my own X-rays. My work helps to ensure that the 24 vertebrae that function as switches, which stresses of all kinds continually move into the "off" position, are switched back on. Just the way we brush our teeth and take showers, everybody should be adjusted (re-aligned) periodically. Please go to my YouTube channel for much more information. There are about 200 videos showing actual patients being adjusted and their happy responses. Tell someone you love about chiropractic.

Sunflower Fund to celebrate women at breakfast

About 200 women will be flocking to the Ster-Kinekor Cinema at Musgrave Centre for a fundraising breakfast in support of The Sunflower Fund on Saturday, August 13, at 7am. The event includes a hot cuppa and a light breakfast, a fabulous goodie bag, an inspirational talk and significant lucky draw prizes. The dress code for the morning is floral, with a prize on offer for the best dressed. The endearing Carey Symons - thriving businesswoman, mother of three and mother in law to Springbok rugby legend, Patrick Lambie - will be sharing her encouraging experience of when she received a life-changing call six years ago that identified her as a positive donor

match for a leukaemia patient. Survivor and life champion, Sharleigh Wilken, will be the MC of what promises to be an epic morning. Funds raised from the event will enable The Sunflower Fund to create awareness, and to educate and recruit stem cell donors to increase the number of people registered on the South African Bone Marrow Registry. To book tickets, sponsor a prize or items towards the women's goodie bags or raffle, contact Allison on 031-266-1148 or email her on allison@sunflowerfund.org.za. The activation area was set up at the Hub court from July 7-17 2016 between 11am and 3pm daily. Each day kids had the opportunity to compete against each other for the fastest time with the Need for Speed playstation gaming console. Kids between the age of six and 12 were eligible to enter the tournament. Each day one winner was chosen to receive a gift from Chatsworth Centre, which was a tablet to the value of R1500 each sponsored by Mancosa. There were 11 winners in total.

Chatsworth Centre Marketing Assistant Naseera Mahomed together with the winner of the drivers license package Kaajal Dayalal and Chatsworth Centre Manager Nishtha Sanichur.

Kids enjoying the Need for Speed activation area at the Hub court.

Epic Karting was secured as external entertainment and was available on the under-cover mezzanine level parking from July 7-17 2016 between 11am and 6pm daily. Shoppers who spent R300 or more at the centre between July 7-17 and produced their till slips at the track and qualified for an extra 10 minutes.

For the younger kids who were not able to take advantage of Epic Karting. Pedal karting was available on the mezzanine level parking next to Epic Karting from July 7-17 2016 between 11am and 6pm daily. Shoppers who spent R200 or more at the centre between July 7-17 2016 and produced their till slips at the track qual-

ified for an extra lap. We also had a facebook competition for all our social media fans. This competition ran from July 7-17 2016 and one lucky winner was chosen

to receive a driver's licence package from TNT driving school consisting of learners licence fee, 20 lessons and drivers licence fee. The competition closed on Sunday, July 17 2016 and the lucky winner was Kaajal Dayalal. Thank you to the following tenants for their contribution of prizes

Attorney leads national organisation again

Prominent Umzinto Attorney Ajit D Ramasar (pictured) of Ramasar & Ramasar was re-elected as President of Child Welfare South Africa (CWSA). He has thus far served as this august body's president for four years. His election in the face of strong opposition would see him at the head for another three years. Child Welfare South Africa is the largest single non-profit, non-governmental and volunteer driven organisation in the country attending to the well being of children in need. It represents over 150 Child Welfare affiliates throughout the country and it also helps in the development of numerous crèches, children's homes and developing Societies. CWSA's object is to promote and protect the safety, interests, well being and healthy development of children within the context of family and community and to safeguard the interests of children.

Mr Ramasar began his association with Child Welfare when he first became a member of Child Welfare: Umzinto 41 years ago. He is still a member of the Management Committee at Umzinto and during this period he has served as its treasurer and then went on to become its chairman, a position that he held for about 17 years. When Mr Ramasar took over the reins at Umzinto as chairman, the society was on the verge of collapse because of serious financial constraints. He together with two others then obtained loans by standing as Sureties and from this point on, CWSA: Umzinto has never looked back again.

It was during his term as chairman that CWSA:Umzinto embarked on the first of its fund-raising projects - the Charity Fair that has now become an annual event. The tremendous success of the Charity Fairs is due largely to the efforts of the volunteers, the staff, the community and our donors and sponsors. Mr Ramasar's interest in ensuring the well being of all children was given even greater impetus to by his late wife Surie who joined him in Child Welfare as a member. Together they gave of much of their time and expertise

as volunteers to further the interests of the child and his family.

When he took over as president of CWSA four years ago, he became only the second man of colour after Prof Dasarath Chetty to occupy this position. Mr Ramasar has the support of all nine provinces and he counts on all of them to take CWSA to even greater heights.

The last four years have not been easy for CWSA and its many affiliates throughout the country. Mr Ramasar has however given it stability and a clear vision of what needs to be done. There is a new optimism and enthusiasm within the movement which augurs well for it and of course for all the children in this wonderful country.

Mr Ramasar also serves as trustee in the Child Welfare Pension and Provident Fund.

He has served Child Welfare as a volunteer for over the 41 years and he continues to do so to this day.

He looks forward to the support of all people to ensure that all children are given every opportunity to live life to its fullest and to realise his/her true potential.

Happy 40th Heavenly Birthday
to my beautiful daughter

Tilda

11 August 1976

If roses grow in Heaven Lord please pick a buch for me. Place them in my mother's/daughter's arms and tell her they are from me. Tell her I love her & miss her, and when she turns to smile, place a kiss upon her cheek and hold her for awhile. Because remembering her is easy, I do it everyday, but there is an ache within my heart that will never go away. Nobody can replace you as wife, daughter, mother, sister, cousin and aunty. You wasn't just a member of the family but a role model to all of us, a pillar of strength, someone we all looked up to and someone that everyone will look forward to. You were the shining light of this family. We love & miss you angel.

Love, your mother Joyce, Gordan, Teale, Teneale & Tea, Venessa, Caren, Donovan, in-laws, nieces & nephews.

Dear Dad

How little I knew that day what sorrow the morning would bring, so swift and sudden came the call, the death of you shocked us all. I asked God for a gift and he gave me you! The most precious gift that cannot be bought. It is with great pride and joy that I witnessed a wonderful dad. In hardship and suffering you we hold everyday in some small way. Thoughts of you come our way, no one knows the pain we bear, when family gathers and you are not here. Your smile we no longer see. Your voice we no longer hear. You were a precious gift. We can not understand how a man with so many friends, no foes, so suddenly had to go. No goodbye, no farewell now that you rest in eternal sleep. Thank you for being the pillar of strength to the family.

A message to my loving husband (An angel above)

My love for you was too deep that it sealed in my heart with "letters of Gold". I wish God could of spared you a few more years. But if my tears were a stairway and my heartache was a lane I would walk right up to heaven and bring you home again. I am so proud of who you were you was my strength and guiding light now you're my angel above watching over me love and miss you forever, until we meet again a goodbye is never forever. Om Namah Shivaya.

From Your Loving Wife - Gone to soon.

RK Khan celebrates Women's Day

Women's Day was celebrated early at RK Khan Hospital with an extravagant function that was entitled "WOW" which stood for Women of Worth. The event was held in the beautifully decorated Nurses Residence Dining Hall and was packed with entertainment, excellent speakers, lucky draw prizes, good food and good company.

RK Khan Hospital's PRO, Mbali Mthlane, said, "Our speakers comprised of a dynamic group of women who have gone through major life changing experiences and survived to share their stories in the hope to inspire other women who may be going through difficult times. These experiences include a head-on collision in a fast moving train, two brain tumours, being hijacked and brutally gang raped and experiencing nine miscarriages.

Their spirit of resilience truly touched the heart of every woman in the room. Entertaining throughout the morning was provided by local act, Michael John who kept the audience eating out of the palms of his hand with songs that appealed to both the young and the young at heart. The morning ended with everyone in high spirits after enjoying a tasty lunch and desert and each lady walking away with a goodie bag. The Wellness Committee of RK Khan would like to extend our thanks and appreciation to Hospital Management for their continued support, our sponsors for giving so generously and the staff of RK Khan whom the morning would not have been possible without. Happy Women's Day to all the wonderful women in the Chatsworth community."

Make a change with Uzwelo Bags

Guests and members of the media gathered at the quaint and delightful Spoonful Eatery in Glenwood on Tuesday for the launch of Uzwelo Bags. Uzwelo and Expand a Sign have partnered with everyday local heroes to provide a range of bags that are not only functional and stylish, but change lives. These funky and affordable bags, which come in all shapes and sizes, have been made from waste fabric that normally goes into landfills. Through the support, expertise and insight of those around them who wanted to be a part of making SA a better place, their vision started to take shape. They prototyped bag designs, engaged non-profits and communities, explored skills development programmes and encountered local heroes of positive change. Stories of hope and opportunity to make a real difference became a daily experience. They are now armed for change with a range of unique and truly South African

bags (literally, each one is different) that are fashionable, durable and cater for every aspect of South African life from fashion to shopping, travel to work, sport and school. They have a team of three trained women from iBhungezi/Philangethamba Trust (Molweni - Valley of 1000 Hills), three women at the LIV Village, and another two from iThembaletu (Cato Manor). Each of these ladies are now producing bags and earning a living that puts food on the table for their families, funds education and provides dignity and upliftment for their communities on a long-term basis. Uzwelo has also partnered with the Bateleurs, an NPO that provides SA with an aerial perspective of the environment. They are involved in multiple, diverse missions of sustainable environmental and development policies and programs. Uzwelo is proud to donate a portion of its proceeds from sales to this amazing organisation and their cause.

Lauren Schroenn, Tanya Bailey, Rajes Pillay, and Lauren Schroen show off the Uzwelo bags.

FISHING REPORT

Fishing: Shad fishing has been great from the Durban beaches and piers with bag limits being filled in a short space of time. Pompano also keep local anglers occupied and have been biting on Sealice or Sardine fillet baits. A few Grunter were reported in the Durban Harbour and a Threadfin Mirrorfish was caught on a redhead lure. There is still a lot of debris in the harbour and offshore, so boat anglers must be very cautious when navigating.

Weather: Expect sunny, cool days this week with moderate North Easterly winds on Thursday and fresh South Westerly winds on Saturday. Sunday will be cold with some chance of rain.

Race car driver participates in National Drift Competition

Shallcross resident, Joey Govender participated in the National Drift Competition which was held in Johannesburg, recently. It was a very strong field of 33 nationwide drivers all competing for top 16 gold cup spots. Drivers from Cape Town, Johannesburg and Durban participated.

On Friday, his practice session went well and he managed to perfect his drift as best he could. As he was out with the new car, he noticed it had some teething problems. According to him, the front suspension was not up to scratch and needed to be replaced. "These problems can only be discovered once the car is put on the track and due to not having a track here in KZN that people could freely use for

testing and practice, I had to find out the hard way," he said. Govender added, "On day two of the competition, the car had a front tyre puncture while on the track and I came close to smashing into the surround-

ing walls of the track. Another issue I had was an electrical fault which was sorted out before final qualifying. I drifted the car as best as I could and drove my heart out to manage to just fill in the top 16 spot which

meant I would proceed into tandem battles. My tandem battle was against the top qualifier spot number one and I was sadly knocked out. But respectively, I represented KZN in all excellence. I was

ranked 13th nationally after this event. Fortunately, there will be two events taking place locally at Dezzi Raceway this August. It will be a regional and national event."

Annual race attracts over 2000 athletes

The Women in Action Ladies race hosted by the Chatsworth Athletic Club and magnanimously sponsored by the Checkout chain

stores attracted a crowd of more than 2000 runners/walkers comprising of women, school children and men, at the weekend.

From the unusual turnout of men, it seems that the format of the race has to change next year to fully allow for male

participation. A carnival atmosphere prevailed throughout the event with the music being belted out at the stadium which was soothing and enjoyable. The well-stocked goodie bags and T-shirts were gladly accepted by all participants who

showed signs of appreciation and contentment. "Many people in the community did not participate and missed the opportunity to keep fit and receive

courteous rewards for a small outlay. The figure could have easily been 10, 000 participants if the rest of the community responded," said Rathen Govender.

Winners of the race, Loveness Madziva, Fikile Mbuthuma and Zama Mokoena.
