Chatsworth's first museum pays tribute to indentured labourers

In commemoration of the 165th anniversary since the arrival of indentured labourers in South Africa, Hotel Savera launched Chatsworth's first museum, with viewing rooms representing the journey of Indians since 1860. Read the full story on page 2.

Teen (18) arrested for selling drugs

The accused appeared in court and was released on bail.

An 18-year-old school pupil from the Umhlatuzana area was arrested for allegedly supplying drugs to school children, recently. The arrest was made during an undercover operation conducted by the eThekweni Inner South Task Team, on Wednesday. He appeared in Chatsworth Magistrate Court on Thursday and was

released on bail. The task team planned the operation after they received numerous complaints about school children consuming liquor and taking drugs after they were done writing their exam papers. According to members of the community, school children allegedly hang out in the abandoned areas to smoke dagga. The team monitored

the Umhlatuzana area and found the 18-year-old suspect allegedly selling dagga to over 10 school pupils in a rundown passage in the area. Communications officer of the eThekweni Inner South Cluster team, Priya Nunkumar, said the

Residents invited to visit Chatsworth's first museum

The community can also book appointments for guided tours of the museum

The 1860 Museum, which celebrates Indian history in South Africa, was launched at the Hotel Savera in Chatsworth, on Wednesday. Owner of the hotel, Dhiloson Pillay, said he researched Indian history and gathered material and photographs which he initially intended to publish in a book, however, he decided to turn the museum into a mini mu-

seum after realizing that the hotel would be more easily accessible to people. The launch of the museum commemorated the 165th anniversary since the arrival of Indian labourers in South Africa, with viewing rooms each representing different themes relating to the journey since 1860. "The museum comprises of six viewing

rooms and each has its own theme. The idea was to give people an opportunity to understand the Indian diaspora. The history of India is also documented in the museum, which is free for residents to enter and view," he said. Residents can also book appointments for guided tours of the museum.

Rising Sun bids farewell to one of our own

'Death leaves a heartache no one can ever heal, but love leaves a memory that no one can ever steal.' Today, the staff and management of the Rising Sun Community Newspapers mourns the loss of a beloved staff member, whose infectious personality and kindness could light up a room.

Sales marketing consultant, Rekha Naidoo (pictured) passed away on Sunday after suffering from a terminal illness. Naidoo began working at the Phoenix Sun branch in March 2012 and since then, had an impeccable impact on not just the company, but also the staff, who admired her for her strength, work ethic and determination. Regional manager of the newspaper, Shireen Govender recalled when she first interviewed the bubbly and jovial Rekha. "She was positive, driven and wanted to conquer the marketing world. Although she had no knowledge regarding the field, she was extremely eager to take up the challenge and I admired that about her," said Govender.

She added, "When I gave Rekha the opportunity to join the Phoenix branch, I informed her that she would have to work very closely with me. She accepted the challenge with a smile and under my mentorship, she met the targets month after month. Knowing her personally, she was a very reserved individual but she had so much love to give. Earlier this year, we had the opportunity of making special memories with her at our teambuilding." According to Govender, she recalled praising Rekha on her achievements, recently. "She told me that she was grateful to the company for all that we have done for her. She had a smile on her face and told me she achieved her goals and I will never forget that. It was such a joy and privilege to work with her and I will never forget the impact she had on my life," added the manager. Reciprocating the same feelings as Govender, CEO of the Rising Sun, Mr Vijay Maharaj said that those who knew Rekha can agree that she possessed a zest for life and was a woman who em-

bodied true honesty, love and happiness. "She always had a smile on her face and the fact that she always had love to give and never expected anything back in return proves that she was a genuine individual. Her warm personality and unique sense of humour somehow always managed to make an impact in the newsroom," he said.

Mr Maharaj added, "Possessing rare qualities of deep spiritualism, positivity and zeal, friends and family certainly played a big role in Rekha's life. The fact that she always put others happiness before her own speaks highly of the incredible individual that she was. The memories we have with Rekha will live on forever. She was an amazing woman who will never be forgotten."

Despite her being employed as a sales marketing consultant, Rekha was actively involved in various community projects. "She had a heart of gold and always gave her best to make a difference. Her clients always spoke highly of her and they appreciated the fact that she was so professional," said Maharaj and Govender in unison.

Despite her untimely death, the staff and management of the newspaper are certain that she is free of all pain and safely resting in God's arms, smiling down on us today.

To Rekha's family: We pray that God grants you the strength during this time of bereavement. As her friends and colleagues, we are always here for you no matter the circumstance. To Rekha: We honour you for your bravery, strength and kindness. You will remain in our hearts forever more.

Thali snatchers nabbed

Two wanted smash and grab suspects, notoriously dubbed as the 'thali snatchers', were apprehended by members of the Chatsworth Intervention Unit, together with Cpt S Govender from the eThekweni Inner South Cluster, on Link Road near the informal settlement, on Sunday. The team swiftly reacted after receiving information that the 'smash and grab' suspects were lurking under the Croftdene Bridge to attack their next victim. Communications officer of the eThekweni Inner South cluster team, Priya Nunkumar, said the suspects noticed the members and attempted to flee the scene, however the members gave chase and apprehended both suspects. "One of the suspects has been positively linked and identified as the 'thali snatcher' and is linked to five other smash and grab cases. The suspects were also found in possession of an iPhone 6 which will be traced back to the owner. It is alleged that the suspect is pawning the gold at a local pawn shop within the area," she added. The case is under investigation and both suspects will be appearing in Chatsworth Magistrates Court soon. eThekweni Inner South Cluster commander, Maj Gen Nunkumar, commended all members for their swift reaction in apprehending the wanted suspects. "We will have a zero-tolerance approach to all criminals this festive season to ensure we have a crime free community," he said.

Community invited to 'Values in Business' workshop

The South African Institute of Sathya Sai Education (SAISSE) will offer a workshop on Values in Business at Newlands Service Centre in 8 Lowfield Grove, Newlands on Saturday, December 3 from 8am to 1:30pm.

There are many ways in which the basic human values, truth, righteousness, peace, love and non-violence can be practised in

the day-to-day conduct of business. There are different aspects of management such as marketing, finance, industrial relations, etc, but the most important aspect is 'man-management.'

The South African society is currently facing numerous socio-economic challenges. Many businesses, especially, small and medium enterprises (SME's) are

struggling with sustainability.

The South African Institute of Sathya Sai Education (SAISSE) is offering a free workshop to enable small businesses to survive and prosper through a new value-based approach promoting success and job satisfaction. The workshop will afford SME entrepreneurs and business managers an opportunity to engage in critical value themes impacting on their business through an appreciation of ethical business practices,

managing business and workplace relationships through the practice of basic human values and integration of values into business in a difficult economic environment.

Refreshments and lunch will be served. For more information and to book your seats, call the programme convener, Dharma Naidoo on 084-209-8617/031 464-4647 or email dharmanaidoo8@gmail.com

Tashnika Rambali is seen with her mum, Sharon.

Donate the gift of life

Having turned 21 over the weekend and local treatment failing to keep her in remission, leukaemia sufferer, Tashnika Rambali, in association with the SANBS Blood Camp, will host a blood drive at the Merebank Shree Parasakthie Temple Hall, situated at 2 Barrackpur Road, Merebank, on November 26, from 10am to 4pm.

Rambali has been battling leukaemia for three years and her last hope is an international drug to put her into 100 percent remission so that she can have a stem cell transplant.

"I will be admitted for this and will spend up to a month in hospital. I will require many blood products to help me during this process. With December fast approaching and students and many people on leave, the blood banks experience major shortages. My family is embarking on a way to ensure that other patients and I who need blood products in December are given hope by hosting a blood camp. In this way, we can help increase SANBS stocks prior to December. Today, it's me needing this blood, tomorrow it could be you or your family," said Rambali.

For more information, contact the Rambali family on Whatsapp - 082-659-8997 or email: rambaliverushka@gmail.com or Facebook: <https://www.facebook.com/Tashnika-Rambalis-Blood-Bone-Marrow-Drives>

Police officers were assaulted while trying to stabilise the situation.

Nigerian man caught with drugs worth R12, 900

A 28-year-old Nigerian national was arrested and charged with possession of drugs by members of the Durban Flying Squad Narcotic Drug Team in Bellair, on Monday. The suspect appeared Chatsworth Magistrate's Court, last week. According to the KZN police's Col Thembeke Mbhele, the suspect was found in possession of drugs to the value of R12, 900 and R2, 010. "The Durban Flying Squad Narcotic Drug Team were conducting their patrols in the Bellair area near Chatsworth when they followed up information about drugs in the area. Drugs such as

rock cocaine, cocaine powder, ecstasy tablets and crystal methcathinone were confiscated from the suspect," added Col Mbhele. The KwaZulu-Natal acting provincial commissioner, Maj Gen Bheki Langa, praised the team for their dedication. "The recovered drugs were intended to be sold to our youth who abuse them but with the intervention of the police, this was prevented. We appeal to the community to expose drug dealers by reporting them to the police," he said.

Drugs such as rock cocaine, cocaine powder, ecstasy tablets and crystal methcathinone were confiscated from the suspect.

Cash was also seized.

Chaos erupts at ward committee elections

Chaos broke out at the ward 69 ward committee elections at the Bayview Community Hall, on Sunday morning.

According to communications officer of the Bayview SAPS, W/O Collin Chetty, there was conflict between certain groups of people and a fight ensued. "Members of the Bayview SAPS were dispatched to the hall and tried to stabilise the situation. The station commander and

two other officers were assaulted by the angry mob while trying to protect the elderly residents and

stop the fight. One officer was assaulted with a chair," he added. Various other units

were called in and the situation was stabilised. The election was postponed to November 27.

In an effort to assist the community and tackle poverty, the Rotary Club of Chatsworth will once again be embarking on their annual 'Unite against Hunger' campaign. The initiative is scheduled to take place at the entrance of Shoprite Checkers at the Chatsworth Centre from Thursday, November 24 to Sunday, November 27. An urgent appeal is being made for shoppers and the general public to support this worthy community initiative by donating non-perishable items in the trolleys which will be provided at the centre. Cash donations are also welcome. The club will also be hosting an important blood donor drive which will also be taking place in partnership with the SANBS on Saturday, November 26 and 27. For more information or to support these vital projects, contact club president, Vani Govender on 082-573-5082 or Steve Chokalingum on 083-384-0122.

Alleged drug lord granted bail of R200, 000

Notorious alleged drug dealer, Yagawathan Pillay, 58, also known as Teddy Mafia, was released on bail of R200, 000 after his short appearance in the Pinetown Magistrate's Court, last week. Regional communications manager of the National Prosecuting Authority of KZN, Natasha Kara, said Pillay's co-accused was released on bail of R100, 000. Members of the Hawks from Pietermaritzburg arrested the two alleged drug dealers during a dis-

ruptive operation, last Friday. According to Hawks spokesman, Cpt Simphiwe Mhlongo, the accused are aged 36 and 58 and appeared in the Pinetown Magistrate's Court on Monday. Azra Noor Ally, who enjoys playing chess.

Moorton's chess champ needs your help

An eight-year-old Moorton boy, who excelled in the South African Junior Chess Championships at the University of Cape Town and the 2016 SA Junior Closed Chess Championships, requires assistance from business owners or members to pursue his next chess tournament. Azra Noor Ally was selected as a member of the 2016 eThekweni (KZN) Youth Squad to compete in the South African Junior Chess Championships in Boksburg from December 16 to 23. Receiving the invite from the Chess SA Youth Commission and the Chess SA Executive Board, Azra will have to compete in the championships, which will be held in Birchwood Hotel and was ranked number one in 2016 eThekweni Youth Closed Under 8 Team. Proud father of the grade one boy, Mashuk Ally, said he is unable to afford the trip and the

competition and appeals to residents to contribute to the future of his son. "I do not want my financial constraints to hold Azra back from achieving his dreams and goals. The competition will open him up to a whole new platform and genre of players, therefore enabling him to compete further if he excels. He is passionate about chess and we want to harbour the enthusiasm in him so that he may one day he will make a positive impact on the youth of South Africa," he said. After being taught the game by his father in order to curb his hyperactivity levels and put his energy into this strategic game, the Elora Primary School pupil excelled in chess and aspires to be a doctor and a grand chess master. To donate towards Azra's trip, contact his father, Mashuk Ally on 082-376-900.

Police crack down on drunk driving

A drug blitz operation by the Malvern SAPS and Crime Prevention teams yielded positive results in the Malvern area, recently.

The officers were under the command of Cpt Mano Govender. In addition to this, Metro Police held a road block in the Malvern area and arrested eight people for drunk driving. Corporate communications officer of Malvern SAPS, W/O Radhika Marimuthu said, "As the festive season approaches and with the best interests of the community in mind, Malvern SAPS have planned several such operations. With the onset of the festive season, sometimes caution is thrown to the winds and road users' drive while under the influence. This puts other sober road users at risk and more often than not, innocent lives are lost. Malvern SAPS will work in partnership with relevant authorities to ensure the safety of all road users. People, who violate the law, will be taken to task."

Acting station commander of Malvern SAPS, Cpt Mano Govender has cautioned people against breaking the law. Cpt Govender stated that the zero-tolerance approach which is already prevalent at Malvern SAPS will be re-

People who violate the law will be taken to task and feel the full might of the law. Their mission is to ensure a safe festive season, so the community is ensured of total commitment from Malvern SAPS.

Food for Life Children's Project visit Cavendish Primary

The pupils of Cavendish Primary in Chatsworth were pleasantly surprised by a visit from the Food for Life Children's Projects, recently. The project, which is a department within the Food for Life structure, is a participant on the Peace Education Forum based at DUT and is actively promoting concepts of peace education in various schools.

Manager of the project, Divesh Maharaj indicated that peace education is defined as acquiring the knowledge and skills in order to live in harmony with oneself, with others and with the natural world. Therefore, peace education is something very fundamental and

important. The pupils were also provided with treats by Food for Life. Principal of the school, Mr Dharmaraj, mentioned that the pupils were inspired by the Peace Education Programme. For further details, email divesh@fllsa.org

Staff of the ABH together with Bala Govender are seen at the handover ceremony.

ABH receives generous donation from HiDow International

The Aryan Benevolent Home was the happy recipient of a range of pain relief equipment from HiDow International, recently. US citizen and former Durbanite, Bala Govender, the managing director of HiDow International, made the donation in memory of his parents, Munsami Govender, and Angela Govender and late wife, and Dhiviaroshini Govender at the home, last week. HiDow devices help with pain relief, muscle performance and muscle relaxation. HiDow International is based in the USA and supplies HiDow SA. In addition,

its medical advisory team provides clients with support in the following:

1. Pain management (diabetic neuropathy, arthritis and about 90 other conditions).
 2. Performance support and enhancement (muscle relaxation and muscle build).
 3. Sports recovery (pain management from related injuries).
 4. Therapeutic support (pain management related to catastrophic illnesses like strokes).
 5. Wellness (personal relaxation with improved circulation)
- The registered nurses at the home

were impressed with the equipment and the magnanimous gesture. "We are overwhelmed at the kind donation which will help us to take better care of the elderly and infirm at the home," said Sister DC Govender at the handover ceremony. Bala Govender from HiDow's said, "The ability to make another's life less painful is all the reward we need and we are blessed to have developed these cutting edge products that assist in ameliorating aches and pains."

READ THIS IF YOU ARE RETIRED & RECEIVE AN INCOME FROM AN INVESTMENT

Mr Reddy retired four years ago. He invested his Pension Fund money and earns an income. He was concerned that his capital had dropped significantly over the years. He called me to review his policy. After helping him have a better understanding of how his policy worked and advising him of what changes could be made, he was very happy. His capital is now increasing every month despite him receiving an income. Deciding on an income can be tricky. If you take too much, your capital could reduce. If you take too little, you may not have enough to cover your monthly expenses.

During consultations, I gather important information about you. In addition, I will introduce you to exclusive retirement and investment planning tools. I use all of this to customize a plan that is perfect for you and your family.

I will show you how to grow your capital despite you receiving an income. We will work out an income that will take care of your everyday expenses and allow you to enjoy your retirement. If you are concerned about the markets, I have access to an exclusive range of funds that will give you a guarantee on your capital. I will track your investment regularly and provide you with statements.

As the first step in a life long partnership, I invite you to call me for a **FREE** review.

Call me, Dhevan Naicker on 031 502 5661

How do you know what income to take?

As a **Specialist Wealth Planner**, retirement and investment planning are my core focus areas.

Members of the Chatsworth SAPS, together with the SAPS eThekweni Inner South Cluster Employee

Health and Wellness team, enjoyed a team building exercise at the Silverglen Nature Reserve, last week. The

objective of the team-building was to build and strengthen relationships between personnel at the

Chatsworth SAPS. Station commander of the Chatsworth SAPS, Brig Marais, emphasised that every person

plays an integral part in the organisation. "While executing duties, police officers have to deal with traumatic situations which may result in shock, stress or trauma where they experience normal reactions to abnormal situations. Incidents that are life-threatening or result in serious injuries can have a strong impact and are apt to disrupt your normal ability to function. It is therefore imperative for personnel to participate in team building initiatives to encourage and uplift one and other," he said. Support commander of the Chatsworth SAPS, Col Krish Nair, encouraged personnel to work in synergy to attain the goals of the SAPS.

Civic association to host AGM

The Kharwastan Civic Association will host its AGM at the Kharwastan Community Hall on Sunday, November 27 at 2:30pm. There has been a spate of crime related incidents in the area, recently. Almost every day there are reports of break-ins, theft of cars, hijacking and more in the area. The collapse of FIPO (Falcon, Iris, Penguin, Oak) has left the

area very vulnerable of crime. The KNDC (Kharwa, Naik, Daydawn, Comfort) area is relatively safe because of the high level of the organisation. Residents are encouraged to attend the AGM where security and safety of the area will be discussed. For more information, call Spider on 083-798-0444.

Signature of Elegance Finesse & Par Excellence

The Woodhurst Sub-Forum (Chatsworth CPF) has launched a WhatsApp group to initiate a youth forum for residents of Woodhurst. Residents between the ages of 18-35 years are invited to join the group on 084-460-7951.

Forum, Suren Ganapathie said, "Will you, the youth be staying in South Africa for the rest of your life? Emigrating is not always an option or 'the grass is not always greener on the other side.' Surely, you are aware of the crime in Woodhurst and surrounding areas. As

the youth of the area, you need to assist to reduce and prevent crime in Woodhurst." Youngsters need to be proactive or else the community will be totally enveloped by crime. They need to ensure that the environment that they will be living in is free of crime. The main objective

of the Woodhurst Youth Forum will be for young people to help identify causes of violence and crime and to work with other role-players to design and implement relevant social crime prevention interventions. Ganapathie further added, "We need to educate our youth on crime prevention and guide them towards becoming responsible adults, away from crime and drugs. The youth forum will strive to become a

platform for youth to share their vision for a safer future. The forum will seek to address various aspects of crime and its impact on youth." The sub-forum will assist and guide the youth forum which will be set up. For more information, contact the sub-forum chairman, Suren Ganapathie on 084-460-7951, email woodsubforum@gmail.com or WhatsApp the youth forum on 084-460-7951.

Speak your mind

By Dr Guru Kistnasamy

Mob mentality: One dog may bark at you but a pack will attack you

In South Africa, we have seen the increasing emergence of protests, marches, mob violence and the destruction of property. The burning of institutions of learning, looting and the confrontational behaviour of protesters are an embarrassment to peace-loving South Africans.

Historically we note that not all political protests are violent. The famous marches led by leaders such as Mahatma Gandhi and Martin Luther King were peaceful. These marches were non-violent because of the integrity and leadership qualities displayed by these leaders.

Dr W James (2013) explains that in mob mentality what we may not do as individuals, we may do as a group. People may lose control of their usual inhibitions and their mentality becomes that of the group.

Many protests that turned violent may have harboured individuals with antisocial and criminal tendencies. These individuals, protected by the mob, engage in looting and destruction.

The violent protester may have psychopathic characteristics or comes from a dysfunctional family. Under the guise of protest, these individuals can wreak damage that costs millions of rand to repair.

Certain psychological theories may explain mob mentality (Ref: Health Psychology Consultancy 2011):

- Deindividuation- when people are part of a group, they experience a loss of self-awareness.
- Identity- when people are part of a group, they can lose their sense of individual identity.
- Emotions- being part of a group can lead to heightened emotional states such as excitement, anger, hostility, etc.
- Acceptability- behaviours that are usually seen as unacceptable suddenly become acceptable when others within a group are seen to be carrying them out.
- Anonymity- people feel anonymous within a large group, which reduces their sense of responsibility and accountability.
- Diffusion of responsibility- being part of a group creates the perception that violent or unacceptable behaviour is not a personal responsibility but a group responsibility.

People should look at non-violent ways of addressing issues that need to be changed. Leaders need to take responsibility to ensure that protests are peaceful and not destructive.

“Non-violence is the greatest force at the disposal of mankind. It is mightier than the mightiest weapon of destruction devised by the ingenuity of man,” said Mahatma Gandhi. The community is urged to forward topics that they would like included in 'Speak your mind' to Nikita Chiniah on gurukistnasamy3@gmail.com

Forum to host monthly meeting

The Arena Park Police Forum will host its monthly meeting at Crestview Primary School on Wednesday, November 23 at 6:45pm. The community is encouraged to attend the meeting which

will focus on crime issues. Chairman of the forum, Jakes Singh said that residents

need to be proactive and attend these meetings where crime prevention safety tips will be of-

ferred. For more information, call Jakes on 083-715-4377.

Paphos Fellowship to host Apostle Jacques Van Der Westhuizen

Paphos Fellowship is proud to host Apostle Jacques Van Der Westhuizen at their revival meetings from November 25 to 27. Van Der Westhuizen is the senior pastor and founder of Revival Worship Centre, situated in the City of Cape Town, South Africa. He has become well-known in different countries all over the world, which has opened many

doors for international ministry. He returns to some of these countries annually as a set conference speaker. He is recognised for being a dynamic preacher with a strong prophetic - healing anointing upon his life. He has become a mentor to many and believes that the strength of Christianity is the local church. His heartbeat is to see the church of God and the unsaved touched and transformed by the power of the Holy Ghost. He moves strongly in the anointing of healing and financial

breakthrough. His love and reverence for the word of God and years of meticulous study has given him wealth of insight and revelation into the knowledge of the word of God. He has full confidence in the mandate that God has given him regarding his purpose and calling. Therefore, he is entrusted by many pastors all over the world to minister behind their pulpits, knowing that the word he brings carries a great wealth of God inspired revelation. God has given him grace and favour among the young

Apostle Jacques Van Der Westhuizen

and old. He lives internationally and he has a television ministry on TBN, channel 343. Watch him on the Prophetic Encounter every Friday night at 9:30pm. **Refer to page 3 for advert.**

We need to take back the streets

The Chatsworth Rising Sun front page headlined, 'Thali snatchers terrorise Hindu women' is a matter of great concern. It is absolutely sad women are so vulnerable and this is very worrying. The escalation of public violence and protests has put the police under siege, which criminals are aware of and taking full advantage of the situation. When one reads the Chatsworth Rising Sun, it is frightening to note the increased crime in our area. A lasting solution is urgently needed and we as a community need to accept, we are facing a huge crime problem and drastic action need to be taken to eliminate crime. We

need to get rid of the beggars from the various intersections and arrests should be made on a continuous basis as this will eliminate part of the problem. I am sure that with the help of the Metro Police it can be done. It will be an idea for the Chatsworth and Bayview police to operate in plain clothes so that we can take the streets back from criminals. If this gets out of hand, this will be our biggest threat to peace in our community.

Tired of crime

My husband and I were at the Home Affairs offices in Umgeni Road recently to collect our passports. We parked our vehicle in the front of the entrance. The place is a hive of activity. We never realised until today, that this is the perfect scenario for criminal activity. We had to be observed by some unscrupulous thug, as we became victims of remote jamming. It was several hours later, when I realised what had happened. I was about to pay for my purchases at a store, when I noticed that my wallet was missing. I thought it had fallen in my car. On returning to my car, I found the back seat was down and that my gym bag was also missing. It then occurred to me what had happened. I cannot believe that these scoundrels were so brazen to do something like this during broad daylight. Worse still is the fact that so many people were around and this went unnoticed. As a victim of a previous traumatic incident, it pains me to think that I will have to live looking over my shoulder for the rest of my life.

Support World Adoption Day with a smiley

Child Welfare Durban and District commemorated World Adoption Day last Tuesday and are encouraging South African residents to gain more knowledge regarding adoption and the processes involved before ruling out adoption as a possibility.

The organisation invites residents to show support for this day and month by posting pictures of themselves, family, and friends and or their colleagues on the Child Welfare Durban and District social media pages with a smiley on their hand.

Income development manager at Child Welfare, Irene Okoye, said, "No

matter how tragically a child's story begins, adoption brings new hope. Whether you are an adoptive family or not, you can join the campaign by grabbing a pen, drawing a smiley on your hand and posting a photo on our social media pages."

South Africa has one of the highest rates of orphans in the world, with a fifth of all South African children homeless and more than half a million in the foster care system.

"Despite these startling numbers, adoptions have decreased dramatically over the past decade and many residents wanting to adopt are dis-

couraged by the belief that the process is too difficult and too costly, resulting in hundreds, even thousands, of children never getting their promise of a forever family," she added.

World Adoption Day is a day to celebrate families and a day to raise awareness for adoption. More importantly, it is a day used to break myths surrounding the adoption's process. For more information, call 031 312-9313 or visit www.cwdd.org.za Photographs can be posted on Twitter: @Childwdd or Facebook www.facebook.com/ChildWelfareDurban

Residents are urged to support the campaign.

Shallcross Primary pupils highlight road safety

The Department of Transport, together with eThekweni Road Safety Department had chosen eight schools to run a programme about road safety, recently. Shallcross Primary School was one of the schools to be chosen

among the eight. International CEOs, sponsors such as Johnson and Johnson and principals from neighbouring schools were also present at the road safety programme. The reason for this programme was to create awareness

on how to be safe on the road and to curb accidents on the road. Pupils were treated to a show. They were presented with a school bag with reflectors as well. All attendees enjoyed the programme.

Sonu Nigam

Atif Aslam

Advertorial

Musical icons to share the stage

Sonu Nigam and Atif Aslam are two exceptional powerhouses when it comes to the art of singing and their latest live performance will give you goose bumps, leaving you captivated. The two stars unite to perform for the first time together on one stage at the Durban ICC on Saturday, December 3 at 7.30pm and in Johannesburg at Sandton Convention Centre on Sunday, December 4, at 6pm. Neither Nigam nor Aslam are new to SA – both have headlined several concerts in Durban and Johannesburg over the past few years, but this is the first time they will share the stage. One of the highlights of the show, includes Sonu's orchestra and Atif Aslam's musicians. The show would include a troupe of more than 50 artists – which will include international musicians, dancers and a technical crew. A singer, composer and actor, Sonu Nigam, gave his first public performance at the age of four. At 18, he began training with classical maestro Ustad Ghulam Mustafa Khan and moved to Mumbai to try his luck in Bollywood. Sonu finally found fame with the song Sandese Aate Hain from the 1997 war drama, 'Border'. He began by singing covers of Mohamed Rafi, mainly from the album "Rafi Ki Yaadein" released by T-Series. T-Series promoter Gulshan Kumar gave him a chance to reach a larger audience. In these years Nigam's singing style was regarded by some to be a 'Rafi clone.' Thirty-three-year-old Atif Aslam started out wanting to be a cricketer, but went on to be-

come one of the most distinguished musicians in his country. In 2013, Indian music streaming service Saavn portrayed him the most popular artist of the year, followed by Arijit Singh, AR Rahman, Shreya Ghoshal and Mohit Chauhan. His song, 'Aadat,' recorded and released in 2004, went insanely viral and made Aslam an overnight sensation. His first solo album, Jal Pari was released shortly thereafter, and some songs from the album instantly became popular both across the border and at home. Bollywood director, Mahesh Bhatt, took notice and immediately got Aslam to sing a version of one of the most popular tracks, Woh Lamhe, for his 2005 movie 'Zeher.' It was a hit and Aslam secured his place in Bollywood. Both Sonu and Atif have stated in past interviews that the reason behind the music is not for fame nor money. It's what truly brings happiness to not only their life as well as others. Sonu and Atif pay tribute to God for their blessings, which is the gift of moving people's hearts with their music. They both set an example for the young aspiring artists out there. No matter what trials you face in life, with hard work, motivation and dedication, dreams do come true. These two in their own right have started looking for future talents on shows such as Indian Idols etc. December 3rd will be one of the most treasured evenings of the year for Bollywood fans as South Africans for the first time will experience two of the biggest music icons pre-

COUNT ME IN!

Local high school teacher, musical maestro and cultural icon, Sadha Munien, and his daughters Dhamini, Virani and Vadhini, encourage families to promote social cohesion and join the campaign.

Fathers urged to protect their children

Parents are encouraged to be role models to their children and are urged to inculcate in them the principles and values of righteousness, which will impact greatly on the social ills that society is plagued with. Although the 16 Days of Activism campaign focuses on women and children, society at large needs to be uplifted. A father will always be his daughters' first love, her knight in shining armour, and her protector. Men are urged to support the campaign by promoting non violence and respect in their home and also to educate their sons on how to treat their female classmates, cousins, sister's, mother and other females in their lives.

Know all about the '16 Days of Activism' campaign

The 16 Days of Activism for No Violence Against Women and Children is an international campaign. It is observed every year from November 25 (International Day for the Elimination of Violence Against Women) to December 10 (International Human Rights Day). The period includes Universal Children's Day and World Aids Day.

South Africa adopted the campaign in 1998 as one of the intervention strategies towards creating a society free of violence. The campaign continues to raise awareness among South Africans about the negative impact of violence against women and children on all members of the community.

Objectives of the campaign

- Attract all South Africans to be active participants in the fight to eradicate violence against women and children, hence the theme: 'Count me in.'
- Expand accountability beyond the Justice, Crime Prevention and Security (JCPS) cluster to include all government clusters and provinces.
- Combine technology, social media, the arts, journalism, religion, culture and customs, business and activism to draw attention to the many ways violence against women and children affects the lives of all people in all communities around the world.
- Ensure mass mobilisation of all communities to promote collective responsibility in the fight to eradicate violence against women and children.
- Encourage society to acknowledge that violence against women and children is not a government or criminal justice system problem, but a societal problem, and that failure to view it as such results in all efforts failing to eradicate this scourge in our communities.
- Emphasise the fact that the solution lies with all of us.

www.gov.co.za

What is violence against women and children?

Violence takes many forms and causes a serious psychological impact on the lives of the victim, as well as family members. Physical violence includes domestic violence, terrible violent crime such as murder, robbery, rape and assault. Emotional violence and trauma at many levels caused by many factors. Women and children in their homes, at work, at schools, on our streets, in our communities suffer this form of violence for various reasons. Another terrible blight of our democracy is the violence of poverty, starvation, humiliation and degradation, especially against women and children. Poverty, inequality and unemployment are conditions under which violence thrives.

What can you do?

- Support the campaign by wearing the white ribbon during the 16-day period. A white ribbon is a symbol of peace and symbolises the commitment of the wearer to never commit or condone violence against women and children.
- Participate in the various 16 Days of Activism events and activities.
- Volunteer in support of NGOs and community groups who support abused women and children. Many organisations need assistance from the public. You can volunteer your time and make a contribution to the work of institutions. Help plant a garden at a shelter, sponsor plastic tables and chairs for kids at a clinic or join an organisation as a counsellor.
- Use your skills and knowledge to help the victims of abuse.
- Speak out against woman and child abuse.
- Encourage silent female victims to talk about abuse and ensure that they get help.
- Report child abuse to the police.
- Encourage children to report bully behaviour to school authorities.
- Men and boys are encouraged to talk about abuse and actively discourage abusive behaviour.
- Seek help if you are emotionally, physically or sexually abusive to your partner and/or children.
- Talk to friends, relatives and colleagues to take a stand against abuse of women and children.
- Try and understand how your own attitudes and actions might perpetuate sexism and violence.

Join community policing forums (CPFs)

The community and the local police stations are active partners in ensuring local safety and security. The goal is to bring about effective crime prevention by launching intelligence driven crime prevention projects in partnership with the local community. You may want to also become a reservist, a member of the community who volunteers his/her services and time to support local policing efforts to fight crime. For more information on how to join, contact your local police station.

Youth centre highlights 16 Days of Activism campaign

The Inner-Circle Flea-market at the Nelson Mandela Chatsworth Youth Centre incorporates a relevant theme to its market every month. The next market on Sunday, December 4, will pay attention to the '16 Days of Activism for No Violence against Women and Children' campaign. The international campaign starts on November 25 and ends on December 10. The youth centre is calling on everyone, young and old, to create posters that will be displayed in the hall of the flea-market on December 4. The posters have to be A3 in size incorporating the theme 'Stop Violence against Women and Children' or variations from that theme. The aim of the competition is to increase awareness of a prob-

lem that affects millions of women and children worldwide. There will be prizes donated by the stall owners and publicity for the posters with the best messages. Any medium can be used, drawing, painting, photo-shopped photography, graphics or any other medium. The poster can have text that is part of the design of the artwork.

They are allowed to submit more than one entry. The judges will be looking for relevance to the theme, style and creativity, composition and originality. All posters must be dropped off at the youth centre by Friday, December 2. Posters can be taken back, sold at the market or donated to the youth centre. The organis-

ers are also looking for organisations that promote 'No Violence against Women and Children' to set up stalls at the December 4 market. There will be flea-markets on Sundays, December 4 and 18 and a night-market on Friday, December 23. For more information, call Clive Pillay on 061-429-2574.

All you need to know about abuse

What do I do if I am being abused?

- Don't suffer in silence. If you are being physically, psychologically (mentally), emotionally or sexually abused, it is important that you seek help. You do not have to continue to suffer in silence.
- Talk to someone you can trust: confide in a friend, a neighbour, a relative, a spiritual leader or elder, a doctor, or a counsellor.
- It is not your fault. There is no excuse for any form of abuse and you do not have to put up with it. Both physical and emotional abuse is against the law and help is available through the legal system.
- You can get help: You can use the legal system to help you.
- Go to the Domestic Violence Court closest to you and apply for a protection order.
- Lay a criminal charge against the abuser, for example rape, sexual assault or physical violence.

- Excessive guilt or shame for no apparent reason.
- Secrecy or withdrawal from friends and family.
- Avoidance of school or social events with excuses that don't seem to make any sense

Residents are urged to break the silence and expose abuse.

How do I help an abused loved one?

- Listen. A person who is being abused needs someone to empathetically listen to and believe him or her.
- It is not his/her fault. Help your friend understand that it is not his or her fault and that they are not the bad person but the abuser/perpetrator.
- Encourage him/her to seek help: Your friend also needs your encouragement to get help immediately from an adult, such as a parent, family member, or guidance counsellor.
- If a friend has been raped, encourage the friend to go to a hospital within 72 hours to test for HIV. The hospital may start them on a short course of antiretroviral treatment that can reduce chances of getting HIV and report the matter to the police.

How to identify if someone you love is being abused?

- Unexplained bruises, broken bones,

Mixed reactions over '16 Days of Activism' campaign

Every eight seconds, a woman in South Africa is abused. Sometimes, the victim is not around to tell the story. The 16 Days of Activism against Women and Children Abuse campaign, which is around the corner, will try to highlight the constant abuse women and children suffer, most of the times by the hands of men. This week, the Rising Sun took to the streets to find out the views of ordinary people on whether the yearly campaign is having a positive impact in our communities.

Nosipho Maluleka, 23, of Umlazi said, "I think that the campaign is not working because women and children are still being abused. I believe that the organisers of these campaigns should go to the communities and educate people including school children at grass root levels. I also believe that the police are also not doing enough to assist the

victims of these crimes."
Thara Rajaram, 69, of Woodhurst said, "I think the campaigns are working and we support them. I think people should respect women and children because they are the future of our country. Communities must work hand in hand with these campaigns and fight the abuse of women and children before this destroys the fabric of our country. I also believe everyday, people should make an effort to be activists against women and children abuse. Sixteen days of activism is not enough."
Savy Sewbaran, 65, of Moorton said, "I think the campaigns are effective, but the police are not doing their jobs properly. I encourage members of the communities to participate in these campaigns so that they can be more effective. These campaigns will not be effective if people in communities do not take part in them."
Nokwanda Hlongwa, 20, of Welbedacht

said, "The campaigns are working. People are becoming more aware of these issues. However, there is still a long way to go before we stop seeing these incidents of abuse in our communities. The law should also be hard on those who continue to abuse women and children. Men in our communities should treasure women and children dearly."
Mohamed Asim, 17, a pupil at Woodhurst High School said, "The 16 days are not enough. The campaign should be every day. I think people who abuse women or children should undergo mandatory psychiatric evaluation. Newspapers and community organisations should also advertise organisations where offenders can seek help."
Dan Moodley, 65, unemployed said, "We still hear of stories like these happening in our communities and we cannot solely blame the police. People who experience abuse should report the incident immediately to the

police because once you are abused by a person who you live with, the perpetrator is likely to repeat the act."
Malin Chetty, 43, a sales consultant said, "The campaign is positively working in our communities. Recently, I have read stories on gender violence which is creating an impact in our communities. There is no place for any form of violence in our communities. The offenders are slowly getting the message that crime does not pay."
Lwazi Petse, 29, of Arena Park, an evangelist said, "Honestly, the campaign is not working. Every day, people from our communities are being abused. Before offenders are put in prison, they should also be educated and well informed about the dangers of abusing women and children. If we do not rehabilitate them, they will return from prison and commit these acts of violence again."

What can modern hearing aids offer?

Natural hearing: Previously, hearing instruments used to simply make all sounds louder. But that is not how natural hearing works.

Modern systems make quiet sounds audible again, but do not over-amplify loud sounds. This creates a pleasant, natural sound bal-

ance. **Speech understanding:**

Our brain filters out unimportant sounds while boosting important sounds. Modern hearing instruments work in the same way. By doing so, they make speech understandable again - even in noisy environments - while suppressing disruptive noises.

Spatial hearing:

Spatial hearing helps to isolate individual sounds from the mass of different noises that surround us. It also allows us to recognize sounds and where they are coming from - for example, someone calling our name or the sound of an approaching car. We are offering a 40 percent discount to all patients purchasing hearing aids on a cash basis - valid until December 12, 2016. For further information, call audiologist, Shivani Singh, on 031-464-5531 or 031-912-2999 or 072-113-4972.

Six ways to take care of your precious eyes

1. Have an eye test every two years – allow the professionals to examine the vision and health of your eye. It is dangerous to decide this only by your symptoms.
2. Eat fruit and vegetables – this provides nutrients to the cells.
3. Exercise regularly – this removes debris from the cells.
4. Take relaxation breaks from visually demanding tasks eg: computer screen, cell-phone, television and reading.
5. Wear your correct prescription spectacles – don't strain your eyes with old spectacles, other people's spectacles or ready made readers.
6. Use your contact lenses for the prescribed time – over using contact lenses can lead to infections.

Diabetes, the "ROGUE" of sweet moments

With the prevalence of diabetes on the rise and every second person having "sugar issues", it is time we start taking a natural approach to fighting the battle and joining the #blood_sugar_levels_must_fall campaign.

Foods to remove:
 • Refined sugar – cool drinks (including diet and ZERO) as well as fruit juices rather opt for homemade flavored water (add some lemon, cucumber, berries).
 • Instead of using artificial sweeteners choose a natural sweetener like Stevia (raw honey is ok but in moderation).
 • Conventional cow's milk – rather opt for goat, coconut, almond or organic milk.

Foods to include:
 • Foods high in chromium- broccoli, green beans, green leafy veg (not drenched in canola oil rather go for coconut or olive oil but a little)
 • Foods with a low-glycemic index – avocado, nuts and seeds, lentils, chickpeas, eggs, fish (salmon, sardines, mackerel or albacore tuna), organic meat.
 • Herbs – turmeric, cinnamon, parsley
 Supplements:
 • Chromium Picolinate (600 mcg daily)
 • Cinnamon (2 tsp daily)
 • Omega 3 (1,000 mg daily)
 • Alpha-Lipoic Acid (300-1200 mg daily)

For more information contact Dr. Kerusha Naidoo (Master's degree: Homeopathy) on 072 196 7719, alternately book an appointment to see her at 10 Sanrose Avenue, Silverglen (by appointment only).

Dr. K Naidoo.

MF sponsors a wheelchair

The Minority Front sponsored a wheelchair to a local resident, recently. Mr Bhoodan, who is a pensioner, underwent surgery to have his leg amputated from the knee. Bhoodan, together with his wife, live off their pension and found it difficult to move around without the aid. MF councillor Jonathan Annipen said, "This elderly couple are such active community activists and are constantly going out of their way to help people. The husband has such an amazing character and after conducting several community engagements with him, we know how much this will help him continue the community

work he so faithfully does." MF leader, Shameen Thakur Rajbansi, said that she had to be there to personally hand this wheelchair to Mr Bhoodan. "I simply had to come to their home. We as politicians do our bit for the community and you always see our names in the media, but these are the real heroes. Mr Bhoodan has an infectious smile and such positive energy. When I learnt that he had this amputation, it was very emotional because I am acutely aware of his social involvement. The MF is certainly delighted that we could have helped him this way."

School hosts annual awards ceremony

Durban High School recently held their annual senior speech day awards ceremony for their grade 12 pupils. The invited guest speaker for the event was Mr Luvuyo Mandela (class of 2003), who gave an intellectual and insightful speech that drew on his experience of getting out of one's comfort zone and stepping up. "It is important to know where you are going, but plans can change, so be open to new experiences and you may find a brand new passion like I did," he said. Mandela is a social entrepreneur working on developing an education fund and consulting product to service the development needs of South Africa.

He is putting his learnings from the Broad-Based Black Economic Empowerment (B-BBEE) industry and applying them to develop responsible, manageable and sustainable interventions to enhance corporate social responsibility solutions.

Mandela, who is the great-grandson of Nelson Mandela, was invited to hand over the awards to the respective achievers. The ceremony saw a number of awards handed out, including grade 12 academic prizes, with the major awards being the highlight.

The outstanding awards for the day were the Kessel Feinstein Prize for third in grade 12 which was awarded to Steven Waites, who also received the AW McIver Prize for History, a Merit Certificate, and shared the prize for Life Orientation.

In addition, more of the major prizes included the GB Lapinsky Prize for Dux Proxime Accessit (Dux runner-up) which was awarded to Hassen Moorad, who also received the Eddie Corlett Prize for Accounting, Buxton Family Prize for Economics, shared the Transvaal Old Boys' Prize for English Essay as well as the WI Knight Prize for Mathematics.

Finally, the crowd erupted with applause for the major award for the day, The CG Hands Memorial Prize for Dux which was awarded to Joshua

Joshua Spooner with the CG Hands Memorial Prize for Dux and his many other achievements.

Spooner. Spooner has achieved nothing less than a final mark of 90 percent every year. He also achieved the Shaun Gray Leadership Award, a Merit Certificate, Alan Turton prize for Visual Arts, shared the Ladies Committee Prize for Visual Arts Practical, Niekie Gerber Prize for Afrikaans First Additional Language, Bill Payn Prize for English Home Language as well as the GJ Arm-

strong Prize for Physical Sciences. Among his academic achievements, he was also involved in numerous sporting activities throughout his school career and was the deputy head prefect for 2016. DHS head master, Leon Erasmus congratulated the pupils and ended by thanking them for making the 150th year one to be remembered for years to come.

Community encouraged to support ashram's fundraising drive

The Sarva Dharma Ashram of Welbedacht will be hosting a fundraising variety show to raise much-needed funds for its social responsibility initiatives at the Kendra Hall, Durban on Friday, December 2 at 6:30pm. The show features Danny Kowlassur of Decoma Services, the Dilkash Show Band, Dennis Nepaul, Virendra Mohan, Vincent and Mummy Moon-

samy, Pravesh and Nirav Sunker, Shavina Mohan, Sidney Naidoo and many other top artists. Together with music and song, drama, and top comedy, residents will also be treated to a sumptuous five star meal. Over the years, more and more resources are being spent on children and youth from poor and needy backgrounds. The ashram's school assist pro-

gramme has grown over the years and showing a lot of good results. More and more children are attending school through the school assist program but most important is that these children are also passing. The cost to attend school over the last few years has grown almost tenfold, which

places a major financial strain on the ashram as it continues to enroll more and more children. As they get closer to end of the school year, the ashram has to start planning for start of the 2017 school year to ensure it has enough resources to support its school assist programme. To get the

maximum benefit and support from the ashram, children are encouraged to become members of the ashram's participative self-development programmes. For more information, call the organisation on 031 406-3766, 031 406-4063 or 082-355-3123.

Staff together with some of the turtles who have begun their rehabilitation process.

Young turtles admitted to rehabilitation facility

Forty-eight hatchling and four post hatchling loggerhead turtles together with one juvenile green turtle were admitted to the uShaka Sea World Rehabilitation Centre, recently. These young turtles were flown up from

Cape Town where they had spent just over six months recovering at the Two Oceans Aquarium after their unfortunate ordeal at sea in the wrong current, and were unable to survive the icy Cape temperatures.

For the first few years of their lives, young turtles survive by floating in the open ocean at water temperatures around 22°C and they therefore could not have been released in the Cape waters. It is antici-

pated that they will spend only a few weeks in the care of Sea World staff before being taken out west of the Agulhas current and released. During their time at the rehabilitation facility, they will be fed, monitored and given a final examination by resident veterinarian, Dr Francois Lampin before being released.

Seen is the staff of Bayview Clinic together with Cllr Ganes Govender.

The people who attended enjoyed the programme.

Community enjoys open day at Bayview Clinic

Members of Child Welfare did an inspirational play for the attendees. Special guests were present and all attendees enjoyed the programme that was provided. Everyone left the clinic feeling inspired and motivated.

BP Arena Park embarks on 'Brown Bag Initiative'

BP Arena Park has taken another step forward in helping the community by embarking on its 'Brown Bag Initiative' for Lotus Primary School. This has put a smile on many pupils faces in one of the underprivileged areas of the community. The aim of this venture is to ensure that pupils get proper nutrition so they may focus on their education. The principal of Lotus Primary, Mr Lazarus Soobramoney said, "Mr Vipul Patel (manager) and the team from BP Arena Park are a huge blessing to this community that I serve. I most sincerely appreciate him and the service provided. Lotus Primary is one of the underprovided schools in Chatsworth. In all our sporting events, BP Arena Park always makes a provision. From myself, and staff I would like to place on record our sincerest gratitude to Vipul and his team and pray that more people reach out to their community in the same manner as you have."

Seen are some of the pupils of Lotus Primary, Mr N Munsamy, Mr Lazarus Soobramoney along with the team from BP Arena Park during their Brown Bag Initiative.

The journey that BP Arena Park have begun through their 'Brown Bag Initiative,' never fades as this was not the first feeding scheme done. The school appreciates every bit of effort and support given from the manager and staff of BP.

Do's and Don'ts of wearing contact lens

Contact lenses are classified as a medical device and should not be purchased from anyone other than an optometrist. Here are the Do's and Don'ts:
Do remove your lenses

and consult your optometrist if any eye reaction occurs such as pain, redness, burning sensation. Do remove your lenses before going to sleep unless otherwise advised by your eye care

practitioner. Do comply with your optometrists guide to wearing schedules. Over wear can have serious consequences. Do insert your lenses first before putting on makeup. Remove your

lenses before you take off your make up. Fibre free mascaras and oil free types are best. Do ensure that you always purchase contact lenses from an optometrist. The optometrist will ensure that they supply you with contact lenses that are safe to use even if it is just for cosmetic purposes. Don't ever use water instead of contact lens solution as harmful bacteria can cause serious eye infections. Don't wear your lenses when using eye medications or eye drops unless advised to do so by an optometrist. Don't ever share contact lens as it is unhygienic. Don't wear your contact lenses when participating in water sports unless water tight goggles are used. Don't purchase contact lenses from anyone else other than an optometrist. You have only 1 pair of eyes, so don't compromise. (See our advert, S. Persadh Optometrist, on page 38)

Pupils race their self-built electric cars

School pupils saw their self-built electric cars come to life as they raced in the GreenpowerZA Electric Car Challenge at Red Star Raceway, recently.

GreenpowerZA enables pupils to design, build and race a single seater electric car. GreenpowerZA uses the excitement of motorsport to inspire pupils from primary school through to high school to excel in the subject areas of Science, Technology, Engineering and Mathematics (STEM). Various schools including Hoër Tegniese Skool Pretoria Tuine, Ingqayizivele High School, Hoërskool Schoonspruit, Isekelo Primary School and Laerskool Louis Leipoldt participated in

The winners of the 2016 GreenpowerZA Electric Car Challenge: Hoërskool Schoonspruit.

the GreenpowerZA challenge. Two schools, one high school and one primary school, walked away with the winning trophies. Hoërskool Schoonspruit was crowned winners of the

Formula 24 endurance race. The teams had to cover a maximum distance in 90 minutes using one 12volt battery. Hoër Tegniese Skool Pretoria Tuine took the lead in the first 35 minutes of the race but the

learners from Hoërskool Schoonspruit understood that the race is not about who is the fastest but rather who drives the most laps in 90 minutes. Thus pupils had to integrate science and mathematics in

order to get the most out of their batteries. Laerskool Louis Leipoldt is the winners of the first ever Goblin race held on African soil. The Goblin race consists of three activities including speed

racing (a race at the highest running speed), drag racing (an acceleration contest over a distance of 80m) and the slalom race (a race that follows a zigzag course). The GreenpowerZA

challenge is a fantastic, practical learning experience, making STEM a reality in learners' lives while having fun. For more information regarding the GreenpowerZA Electric Car Challenge and how to

get your school signed up for the 2017 race, contact them at info@greenpowerZA.co.za Credit: Lawrence Jugmohan of Digital Street SA

Joshua Spooner, Michael Paul, Matthew Hamilton, Dean Smith and Mohammed Khan (inset) are all set to represent their province.

Local water polo players selected to represent KZN

It was once again a proud moment for the faculty of Durban High School after their water polo players were selected to represent the province. In the under 19 A division, Dean Smith, Matthew Hamilton and Michael Paul were selected. In terms of the under 19 B division, Joshua Spooner was selected and in the under 16 division, Mohammed Khan was selected. The staff and management of the educational fa-

cility extended their heartiest congratulations to the lads and wished them well. They will be participating in the Schools' Water Polo South Africa National Tournament which will be hosted by the KZN Schools' Water Polo at nine venues in and around the southern suburbs of Durban. The tourney will commence on December 7 and conclude on December 11.

During this auspicious month of Karthigai, special poojas will be observed in honour of the Divine Lord Shiva. It is in this auspicious month in which he revealed himself to us in the form of light on the Krithigai Star. Every Somavara (Monday) in this month, devotees visit Shiva temples for special abishegams and poojas. The Chatsworth Siva Alayam will be celebrating this Somavara (Mondays) with 108 sanga abishegam (108 conch/ sea shells). These sangus are filled with water and other fragrant ingredients and is energised by Vedic chants like the Sri Rudhram etc. Lord Shiva is then given an abishegam with the water from these sangus, the water is then collected and given to all devotees present as prasadh. Katcheris will be rendered by renowned artists during the abishegam. As Maha Karthigai Deepam falls on Monday, it is deemed very auspicious. CSA invites all devotees to attend this auspicious occasion. For more information, contact Gurukkal Leeandren Sivam on 079-451-2669 or Jasmine Govender on 082-802-3213.

Sasol Hans Dettman's third birthday celebration

The team at Sasol Hans Dettman is proud to announce their third birthday celebrations. To commemorate this remarkable event, there will be a weekend of special offers on a host of items in the Sasol Delight Shop. Yuben Govindasami said that when he looks back to the start of the project, he was faced with numerous challenges which he had to overcome, more especially the disbelief by many on how a petrol filling station and Sasol Convenience Store would work. However, the in depth study which he undertook established the need to provide a much lacking service in the community and businesses surrounding the site. Three years down the track and a customer base from all magisterial districts surrounding the site, Sasol Hans Dettman and its amazing offer has been well received and continues to grow year on year. Yuben attributes the success of the service station to primarily two factors, firstly the way in which his customers re-

Fast, Friendly & Efficient Service™

sponded, for which he thanks every single customer and assures them that they are part of the Sasol Hans Dettman family. Secondly, to his amazing team of staff for their hard work, dedication and buying into his belief that nothing surpasses great customer service. He is so passionate about customer satisfaction that the motto of his company is 'Fast Friendly and Efficient Service.' Yuben Govindasami said, "As the year now draws to a close, allow me to wish each and everyone of our customers, staff and stakeholders a Merry Christmas and all the very best for a prosperous and rewarding New Year."

Soccer legends thrill spectators at Chats Stadium

Some outstanding soccer skills and thrills were displayed by KZN's top ex-professional soccer players at the Chatsworth Stadium, recently. It was indeed a pleasure to watch the Golden Oldies, ranging from the ages of 48 to almost 70, dish out a superb class of

carpet football. The Chatsworth Stadium reverberated with loud cheers and support from an enthusiastic crowd of well over 500 supporters. The likes of Chery Ebrahim, Ivan Selvanathan, Rufus Oakes, Lucky Molefe and Brea Ranganathan enter-

tained the crowd with their attacking skills. The Pietermaritzburg Legends fought back and kept the Durbanites at bay with their neat passes. Darryl Gregory, Harry de le Cury and Ravi Pillay stamped their authority and were ably assisted by goalkeeper Keith Abrahams who

The soccer legends said that they felt young again when they were on the field.

had an outstanding game. Pietermaritzburg drew first blood through Darryl Gregory's thunderous shot from about 20 metres. The Durban Legends fought back and equalised through a Killer Hoosen penalty and a late goal by Dhanpal Moodley. Keith Nelson, Gary Goldstone and Gavin Snyman received the

special 'Lifetime Achievement Sporting Awards' of distinction for their unstinting co-operation and service towards non-racial football in the country. Sugar Singh received his lifetime award in absentia.

Premier of KZN, Willies Mchunu, together with Seelan Archary of the 1860 committee, mayor Zandile Gumede, MEC for Health, Dr Sibongiseni Dhlomo and other community activists at the sod-turning ceremony.

Monument honours 1860 settlers

Community leaders paid glowing tributes to the indentured labourers who made an invaluable contribution and huge sacrifice to the local economy and in particular, the sugar industry, at the sod-turning ceremony to mark the arrival of the 1860 indentured labourers to Durban. The event was held at Addington Beach on Tuesday. Despite the crowd waiting for almost an hour for the honourable premier of KZN to arrive, the programme was interspersed with a few keynote addresses, songs and dances. In their tributes, they highlighted the harsh treatment the settlers

received from their white bosses, poor working conditions and a minimum salary, but also emphasized their indomitable spirit to survive and progress under oppressive laws that kept them alive. It was also mentioned that they brought along their ancient traditions, rich cultures and history which gave them the strength and dignity to continue in their daily lives. To the indentured labourers, education was close to their hearts and was used as a weapon to beat the oppressor at his own game. The function culminated with a sumptuous lunch for all attendees.

CWEG hosts exciting Christmas party

The Croftdene Women's Empowerment Group hosted children from the Chatsworth and surrounding area's at the God's Victory Centre Church on Saturday. A host of children, including underprivileged children, were treated to an exciting and fun-filled Christmas party, with Santa Claus, goodie bags and gifts adding to the Christmas tree.

Pricilla Govender places on record her sincere thanks and appreciation to KK Packaging, CC Food and Beverage, Cooee, Morden Service Station, staff of Belvedere Primary School, Shirley and Sharon, the Rangiah family, members of the CWEG, Rani and family, Jerome Shanmogum, The Bargain Man, Roseann Madeo, Vimala Naicker and Preggy and family.

Local ladies make history at bowls competition

Saroj Chetty and Jane Naicker recently participated in a pair's competition at the Chatsworth Bowling Club. Saroj was relaxed and confident in her new role as skip. She was ably supported by her lead, Jane who has been playing the game for two years

now. The pair refused to be phased out by the age or experience of their competitors. They took on all comers with grace and aplomb that had captured the hearts of all. Emerging victorious in this competition, the pair made history at the

club as the first women's team to win an honours board competition. The club is very proud of their members.

Saroj Chetty and Jane Naicker have done the bowling club proud.

Bayview United's Castle League side is seen with their managers.

Bayview soccer lads do their community proud

Bayview United played with guts and glory in a league encounter against a well-polished Young Cavaliers, recently. Cavaliers came on a full prong attack in the first half and once again Bayview's strategy to size and contain

their opposition showed. The Cavaliers strikers had some scoring opportunities in the first half and were stopped by the industrious Bayview central defenders, Jima and Vusi and with Papi trying to

be creative and start the game from the back. The man of the match will go to the young Bayview goal keeper, Sihle, who made some outstanding saves and also kept Bayview alive in the game. PRO, Gary Moodley

said, "Bayview United got back in the game in the second half and increased their attack. There were two excellent shoots taken by Rudy and then Vuyo that shaved the post and the Cavaliers were let off the hook. In the 76th

minute, they were also caught against run of play. The industrious and crafty Bayview wing half Pepino had an outstanding game." Jesse Naglia said that Cavaliers were the 2015 Castle league champions and he is

proud of his players and management team for their outstanding performance and carrying the Bayview flag high. They are growing from strength to strength and learning from every game.

Mogie earns a spot on bowlers' honours board

Mogie Naidoo and Saroj Chetty, having beaten season players, Mummy Nair and Lutchmi Hariam respectively in the singles semi-finals came

toe to toe last week to fight it out for the singles championship. Saroj Chetty came into the finals and quickly took the lead. By tea time, it seemed Mogie

had no anger to Saroj's game. However, after a short tea break, Mogie played with pointed concentration and calculated aggression to pip Chetty at the post, winning the match 21-20.

Mogie will next year represent the Chatsworth Bowling Club in the women's Champion of Champions organised by Port Natal Bowls.

Mogie Naidoo showcased her skills on the greens.
