A Christmas treat for terminally ill children

The Rotary Anns of Chatsworth held a Christmas party for

Children, volunteers and Rotary Anns at the special event.

25 terminally ill children at the Chatsworth Regional Hospice, recently. They provided the children with breakfast, lunch and snacks. It was a day

fun and laughter for the children who forgot their illness and just danced and were involved in many games and won lots of prizes. Each child received gifts valued

at R200 each, and party packs. Each child also received individual pictures of themselves with Father Christmas. President of Chatsworth Rotary Anns Club,

Mallosh Pillay said, "It was truly a heart-warming day with the children who were overjoyed with all their gifts and their photos. A big thank you goes to the

dedicated selfless Anns for sponsoring and hosting the event. We salute the hospice management and staff for the sterling jobs."

Teen charged for relative's rape

A 14-year-old boy appeared in the Chatsworth Magistrate's Court on Wednesday, facing charges of rape, after he allegedly raped his five-year-old relative at her home in Montford, last week.

The minor was arrested last week after the five-year-old revealed to her aunt, who takes care of her, that her 'bhaiya' (brother) had raped her. The teenager was released on bail.

The Chatsworth Family Violence, Child Protection and Sexual Offences (FCS) Unit's Col Ellappen said the minor accused was referred to a probation officer with the intention of rehabilitation.

Speaking about the shocking incident, the girl's distraught mum said that her daughter is undergoing counselling and is taking a course of anti-retroviral medication.

"I was shocked to come home to news of my daughter being violated in the worst possible way. I was told by my sister-in-law that my daughter and her relative, who is always at our

house with his parents, were in the bedroom playing together as they usually do when the incident occurred. It tears me apart to know that she has lost her innocence at such a young age. She will be scarred for life and is severely traumatised following the incident. She asks me why this happened to her and I cannot give her any explanation. We pray that the boy gets the harshest of punishments and faces the full wrath of the law," said the girl's mum.

Meanwhile, Col Ellappen urges parents to be vigilant of their children's whereabouts and behaviour.

"Parents should be constantly educating their children on the 'good touch' and the 'bad touch.' Male children should be taught about respecting the bodies of their female relatives and friends. They should be taught not to touch females inappropriately and sex education should be an ongoing topic in the household," he urged.

The five-year-old girl is comforted by her parents.

The scene of the horrific accident.

Child killed in hit and run

A 10-year-old child was killed instantly after a taxi rammed into his home, knocking him and two other children while they were sleeping in their beds, at 6am on Wednesday morning.

According to communications officer of the Chatsworth SAPS, Cpt Cheryl Pillay, the taxi driver rammed into the home in Burlington, Chatsworth, and thereafter fled the scene.

"One child succumbed to his injuries at the scene. Two children, aged 12 and 14, sustained injuries and were transported to a local hospital. The driver fled the scene," added Cpt Pillay.

The Chatsworth SAPS is investigating a case of culpable homicide and related charges in terms of the National Road Traffic Act.

Woodhurst Sporting Netball Club’s manager, Mala Moon-samy won the ‘Manager of the Year’ award at the KZN Netball awards ceremony, recently. Years of hard work and dedication has certainly paid off for her. Moonsamy man-aged the Chatsworth

Netball Union Team at the EMNF Youth Championship, the EMNF under 21 team at the KZN Championship and the under 21 KZNN Team at the SA Spar National Champi-onship Tournament that took place in Au-gust 2016. She is currently the

deputy president at Chatsworth Netball Union and also the president of Wood-hurst Sporting Net-ball Club. She is also a Level-2 Provincial Umpire and is in the process of obtaining a Level 1 netball coaching accredita-tion. Her involve-ment with netball for

31 years has been an amazing experience and she was also part of the success of the Woodhurst Sporting Netball Club as a manager, coach, um-pire and player. The club won the league at Chatsworth for nu-merous years. Moonsamy, together with her sister, Jane Padayachee, and her husband, Leon Moonsamy are the pioneers of Wood-hurst Sporting, which was formed in 1985, and to-date they con-tinue to play a pivotal role in ensuring the successful function-ing of the club. Mala’s passion for promoting netball, especially junior de-velopment in com-munity of Chatsworth is one of her admirable strengths. South African player, Ali-cia Puren was one of

the players who started playing club netball with Wood-hurst Sporting in-cluding numerous players that have rep-re-sented KZN Net-ball who were managed and coached by Mala. In 2011, she repre-sented eThekwin Netball at the SA Spar National Cham-pionship Tournament in Cape Town as a player. Moonsamy placed on record her thanks and apprecia-tion to KZN Netball, EMNF, Chatsworth Netball Union and Woodhurst Sporting Club for their recog-nition and to Jane Pa-dayachee, Leon Moonsamy, Anoop Rampersad, Chris Naidoo and Sugie Naidoo, Mr Joey Naidoo and her fam-ily for their support in her success.

Mala Moonsamy displays her awards.

The happy couple on their wedding day.

Mr and Mrs Chetty is seen at their recent anniversary celebration with their family.

The couple on their wedding day.

Basil and Selvie Maduray celebrated their 50th wedding anniversary, recently.

Faithfulness and trust in a higher power are the qualities that Coopasamy Chetty (74) and his lovely wife, Ramayi (66) attribute to their five decades of wedded bliss. The humble couple recently celebrated their golden anniversary and fondly looked back on the days when they were courting. Mr Chetty and his wife courted for seven months and then wed at a lovely Tamil wedding ceremony in Chatsworth. Their love was strengthened by the arrival of their eight children and three great grandchildren. Mr Chetty enjoys watching soccer while Mrs Chetty loves sewing in her spare time. They said in unison, "Life is not a bed of roses. God saw the inside of us and blessed the desires of our hearts."

Due to safety concerns, residents who wish to visit the Silverglen Nature Reserve are urged to contact the management team at the reserve prior to the visit so that the necessary safety precaution measures can be implemented. Shaun Hammond, who was instrumental in the reopening of the reserve to the public, said the area should only be visited during the planned events. “The safety of the public is our primary concern and we urge residents not to visit the reserve unless arrangements have been made with us so that we can facilitate the necessary precautions that are put into place when we arrange for the reserve to be opened to the public. There are a lot of activities which we have at the reserve and would love for residents to join us during these fantastic events,” added Hammond. To catch up on news regarding the activities planned at the reserve, visit the Silverglen Selfhelp Committee Facebook page. Anyone who wishes to visit the reserve can contact Shaun Hammond on 082-462-4734 or Slindile Hlengwa on 079-521-3522.

After a four year courtship, dashing couple, Basil (77) and Selvie Maduray (70)

wed at the YAS Hall in Clairwood on November 13, 1966. Celebrating their 50th wedding anniversary a few weeks ago, the passionate couple believe that there is no secret to a long lasting marriage. "It is simply a case of respect, understanding and love. Those are the main components which contribute to a successful relationship and marriage. Our relationship started off as a friendship. Both our dads were blacksmiths and builders that worked for the Illovo Sugar Company and their family friendship led to our marriage. Although ours was an arranged marriage, it was not difficult to accept as we were already friends," said the dotting couple. The couple have three sons, one daughter and seven grandchildren. While Selvie is a home executive and enjoys watching television, Basil has been in the hotel and catering industry for over 60 years. He is currently in the baking industry.

He currently runs his own home industry business baking wedding, birthday and novelty cakes. After 10 years, he is still very passionate and feels lucky in that baking is his hobby as well.

Ensure your safety this festive season

The SAPS has provided the following safety tips to help ensure that residents are safe during the holiday.

While driving:

- Avoid driving alone or at night.
- Keep all car doors locked and windows closed while in or out of your car. Set your alarm or use an anti-theft device.
- If you must shop at night, park in a well-lit area.
- Avoid parking next to vans, trucks with camper shells or cars with tinted windows.
- Park as close as you can to your destination and remember where you parked.
- Never leave your car unoccupied with the engine running or with children inside it.
- Do not leave packages or valuables on the seat of your car. This is a big temptation for thieves. If you must leave something in the car, lock it in the trunk or put it out of sight.
- Be sure to locate your keys before going to your car.
- Keep a secure hold on your purse, handbag and parcels. Do not put them down or on top of the car in order to open the door.
- When approaching or leaving your vehicle, be aware of your surroundings.
- Do not approach your car alone if there are suspicious people in the area.
- Ask the mall or shop security for an escort before leaving your shopping location.

At the Automated Teller Machine (ATM):

- If you must use an ATM, choose one that is located inside a police station, mall or well-lit location. Withdraw only the amount of cash that you need.
- Protect your PIN

by shielding the ATM keypad from anyone who is standing near you.

- Do not throw your ATM receipt away at the ATM location.

While shopping:

- Shop during daylight hours if it is possible. If you must shop at night, ensure that a friend or family member accompanies you.
- Avoid wearing expensive jewellery.
- Do not carry a purse or wallet, if possible.
- Always carry your driver's license or identification card along with the necessary cash, cheques and/or a credit card at all times.
- Even though you are in a rush and thinking about a thousand things, be aware of your surroundings.
- Avoid carrying large amounts of cash.
- Pay for purchases with a cheque or credit card, if it is possible.
- Keep cash in your front pocket.
- Notify the credit card issuer immediately if your credit card is lost, stolen or

misused.

- Keep a record of all of your credit card numbers in a safe place at home.
- Be extra careful if you carry a wallet or purse. They are the prime targets of criminals in crowded shopping areas, transportation terminals, bus stops, on buses and other rapid transit.
- Avoid overloading yourself with packages. It is important to have clear visibility and freedom of motion to avoid mishaps.
- Beware of strangers approaching you for any reason. At this time of year, con artists may try various methods of distracting you with the intention of taking your money or belongings.

Keeping children safe:

- If it is at all possible, leave small children at home with a trusted babysitter.
- Teach your child to go to a shop clerk and ask for help in case your child is separated from you.
- Teach children to stay close to you at

all times while you are shopping.

- Never allow children to make unaccompanied trips to the restroom.
- Children should never be allowed to go to the car alone and they should never be left alone in the car.
- Teach children their full name, address and telephone number to give to police officers or mall security. Teach children to immediately inform you if a stranger is bothering them.

When you are at home

- Be extra cautious about locking doors and windows when you leave the house, even for a few minutes.

Indoor and outdoor lights should be on an automatic timer.

- Leave a radio or television on so that the house looks and sounds occupied.
- Large displays of holiday gifts should not be visible through the windows and doors of your home.

When there are strangers at your door:

- Be aware that criminals sometimes pose as courier services who are delivering gifts.
- It is not uncommon for criminals to take advantage of the generosity of people during the holiday season by soliciting donations door-to-door for charitable causes even though

no charity is involved.

- Ask them to produce identification and find out how the donated funds will be used. If you are not satisfied, do not donate. Donate to a recognized charitable organization.

When you host a party:

- Have non-alcoholic

beverages available for party guests.

- Find alternative transportation for intoxicated guests.
- Arrange for an official designated driver for your party, who will not drink at all. When you attend a party
- Have something to eat before consuming alcoholic beverages.

• Eat foods that are high in protein, will stay in your stomach longer and slow the absorption of alcohol into your system.

- Remember only time will eliminate the alcohol from your body.
- Know your limit.
- Never drink and drive.

A fun-filled evening for little ones

Zoe Daycare Nursery and Pre-School held its mini debts and graduation ceremony, recently. The glitzy event was well-attended by parents and well-wishers alike. In light of the successful programmes, the principal and staff wish to extend their heartfelt thanks to all participants as well as their parents. Their assistance helped make this a memorable evening.

Hip-hop dance academy to be launched

Former director of Peoples Dance Academy, Keshnee Govennder, together with her team will be establishing FunkyFootLand Dance Academy in collaboration with an empowerment programme for young women in January 2017.

Their aim is to develop and build a hip-hop talent agency representing choreographers, dancers and extreme athletes for feature film, television, live stage, theatre and music videos widely throughout South Africa.

They want to promote learning, talent, positive enjoyable environments that will focus and promote empowerment for children and youngsters. They also intend on building, developing, motivating, inspiring, and ensuring the upliftment of their educational and social lives as well. Registration is now opened for girls from seven to 18-years-old. Those who register before January will receive free English subject tuitions in 2017. Teachers honoured at event

The National Professional Teachers' Organisation of South Africa (NAPTOSA) held a function at the M Padavatan School Hall, recently. The event which celebrated women and teachers, also commemorated the group's 10th anniversary and the year-end function. NAPTOSA had a successful year with good membership. There will be a satellite office every Wednesday in 2017 at the CEC for all members. Seen are members of the executive committee, Shaleen Jugoo (chairman), Rishal Juguth (deputy chairman), Kalay Govender (secretary), Mugan Vasdev, Prissy Inder and Padmini Ramiah.

Free yoga classes during the festive season

Residents are invited to attend free Hatha yoga classes which will be held every Saturday morning at SSK Prayer Room in Westpark School, in Hillary, from 6am to 7am. Classes are tutored by a qualified Hatha yoga teacher, who was initiated by Sadhguru from the Isha Foundation, Coimbatore, in India. Hatha yoga is not exercise. It is about understanding the mechanics of the body, creating a certain atmosphere, and then using body postures to drive your energy in specific directions. The body can become a means of your spiritual growth or it can become a major barrier. Dedicating a certain amount of effort and time to see the body does not become a barrier is important. "You don't need to know yoga at all as you will be taught the correct way right from the beginning. One hour once a week to improve the body, mind and soul is not asking for too much. I urge residents to take advantage of this opportunity that you probably will not get again. Remember your health is in your own hands, take control," said Shri Surya. For more information, contact Shri Surya on 082-530-9674 or Yogi Govender on 083-632-3176.

The initiative aims to assist unemployed youth.

Young job seekers can be helped

The Nelson Mandela Chatsworth Youth Centre's Dream Catchers career mentoring programme has teamed up with Harambee to help unemployed youth find jobs.

All you need to do is drop your CV off at the youth centre. Harambee is a non-profit organisation and a youth employment accelerator. They help connect employers looking for work-seekers for entry-level jobs and who are currently locked out of the formal economy. Started in 2011, Harambee recruits potential candidates from areas where existing corporate recruitment networks do not reach. They assess the work-seeker's competencies and match them to jobs where they are most likely to succeed. They prepare candidates through a high quality work readiness programme. This helps address the risks identified by employers in taking on first-time workers. All of this is done at no cost to the job-seeking candidate.

To apply to Harambee, you have to be 18 to 34-years-old, a South African citizen, have a matric, have no criminal record and be currently unemployed. You can drop off your CVs at the youth centre

or at their offices in 333 Anton Lembede Street, first floor Durban Bay

House. For more information, call Clive Pillay on 061-

429-2574 or visit www.harambee.co.za

A prayer for the next generation

I am an 82-year-old great grandfather and former member of the popular Pine-town Rotary Club, a law abiding citizen, a teetotaler and I am very concerned about our confused modern generation. Crime can be eradicated completely by educating the youth. Undoubtedly, our parent's teachings from infants are second to none. The only guaranteed solution is to close both eyes, erase all your imaginations and pretend that they were just dreams and promise that you will honour your very own common sense and discretion. The following prayer is ideal for schools and homes.

Our dear almighty creator. I humbly thank you for having created this amazing wonderful world for all humans and all living species and for granting us equal opportunities to

each one of us to occupy, admire and enjoy everything that is visible of felt which belongs only to you. Wealth during our birth, namely our miraculous bodies, souls and our spiritual minds. For professional guidance. Also, for providing food for all humans and all living species continuously for our survival namely oxygen, water, sunlight and vegetation in abundance.

Finding solutions to alcoholism

For over 65 years in South Africa, the Al-Anon Family Groups (which includes Alateen for younger members) has been offering hope and help to families and friends of alcoholics. It is estimated that each alcoholic affects the lives of at least four other people. Alcoholism is truly a family disease. No matter what relationship you have with an alcoholic, whether they are still drinking or not, all who have been affected by someone else's drinking can find solutions that lead to serenity in the Al-Anon/Alateen fellowship.

Who are the members of Al-Anon and Alateen?

In South Africa, family members of problem drinkers have been meeting across all communities and they have now grown to 120 groups and have many loner members throughout their vast country. Worldwide there are 26,000 Al-Anon Family Groups in over 115 countries that may be found today. The common bond among Al-Anon/Alateen members (and indeed the only requirement for membership) is that there is a problem with alcohol in a relative or friend. The relationship with an alcoholic may be current or

past, and members come together for mutual aid. There are no professional counsellors and members take turns facilitating the meetings where they share their own experience, strength, and hope with each other, to learn how to better cope with the effects of alcoholism on their lives.

How do alcoholics affect families and friends?

Alcoholism is a family disease. The disease affects all those who have a relationship with a problem drinker. Those closest to the alcoholic suffer the most, and those who care the most can easily get caught up in the behavior of another person. They react to the alcoholic's behavior. They focus on them, what they do, where they are and how much they drink. We try to control their drinking for them. We take on the blame, guilt, and shame that really belong to the drinker. We can become as addicted to the alcoholic, as the alcoholic is to alcohol. We, too, can become ill.

How will Al-Anon help me?

Many who come to Al-Anon/Alateen are in despair, feeling hopeless, unable to believe that things can ever change. We want our lives to be different, but nothing we have done has brought

about change. We all come to Al-Anon because we want and need help.

In Al-Anon and Alateen, members share their own experience, strength, and hope with each other. You will meet others who share your feelings and frustrations, if not your exact situation. We come together to learn a better way of life, to find happiness whether the alcoholic is still drinking or not.

How much is this going to cost?

There are no dues or fees in Al-Anon and Alateen meetings. Most groups pass a basket for voluntary contributions. Members are asked to contribute what they can afford, so that the group can pay rent, provide literature, and offer support to local information office.

Will anyone say I've been there?

One of the Al-Anon programme's basic principles is that of anonymity. Meetings are confidential, and we do not disclose whom we see or what we hear at meetings to anyone.

What happens at a meeting?

Members get together to exchange ideas, offer one another support and follow a spiritual pro-

gram of recovery from the effects of living with an alcoholic. Al-Anon will help family members gain a better understanding of alcoholism and show how a changed attitude to the drinking and drinker will help them. The recovery tools of the programme are:-

- Al-Anon books and pamphlets that have been written by our members of shared experience and are available at meetings
 - Family members are encouraged to remove themselves from the isolation of this disease (you are no longer alone) and attend regular meeting to stay in touch with folks who understand fully common problems.
 - Encouragement to stay in telephone contact between meetings with a sponsor (a member with more experience in following the programme)
 - Follow the suggested 12 Steps of recovery.
- For more information, call Al-Anon on 031304-1826 or 0861-25-2666 (0861 ALANON) - 24 hour answering service or by e-mail: alanonkzn@telkomsa.net or www.alanon.org.za

Local man dedicates his life to saving others

A devoted Christian, father and blood donor of Isipingo believes that you give little when you give of your possessions, but it is when you give of yourself that you truly give. These words hold true for 57-year-old Isipingo resident, Ricky Chetty, who reached a milestone this week after he donated his 175th pint of blood at the South African National blood Services in Pinetown.

Chetty believes 'serving humanity is service to God' and has kept his blood donating tradition going for more than three decades. He started when he was 17-years-old. The dedicated man has now made it his duty as a platelet donor to donate blood after every three weeks at the SANBS in Pinetown. To be a platelet donor requires a healthy body, between the ages of 16 to 65 years of age. Platelets are small

Ricky Chetty is seen above donating platelets.

colourless cell fragments circulating in the blood. When a blood vessel is injured, platelets collect at the site and form a plug to stop bleeding. Patients who require platelet transfusion are people with leukemia and other cancers undergoing chemo or radiation therapy.

Debbie Liebenberg, the clinic's supervisor and sister, explained that the procedure takes about an hour from start to finish. Blood is drawn from the vein into the disposable kit and processed through a blood cell separator where it is separated into different components by spinning.

The platelets are removed and collected in a bag, while the remaining components are returned to your body.

Chetty was inspired by his pastor, Rishi Singh, to go out and make a difference by saving a life. Chetty's goal is to now donate a total of 300 pints of blood and hopes to

encourage others to donate blood as well. He said, "My most

important message is for everyone that is fit and healthy to be-

come a blood donor and save a life. It's a great feeling to know

that you gave without getting anything in return."

Speak your mind

By Dr Guru Kistnasamy

Christmas is a time for family reconciliations and reunions

Christmas is upon us. It is a time for shopping for food and drinks, buying gifts, visiting family and for celebrating. Although it may be a happy time for most families, sadly there are many families who are divided, separated, and whose members do not speak to each other.

Let us use this festive season to reconcile with family members, and let us arrange for family reunions. One of the biggest obstacles to reconciliation with many is pride and the reluctance to forgive. Be the first to say, 'I am sorry,' even though you may believe that it is not your fault. These magic words of apology work miracles.

Draw inspiration and be motivated by our late president Mandela. He was imprisoned for 27 years by the white apartheid government. Locked in prison, he saw many Christmases come and go. Lonely, without family, and without anybody to talk to, he silently reflected on how families outside his prison were uniting and celebrating. He could have become a bitter leader because of his incarceration and deprivation of freedom, but he chose not to.

Mandela forgave the people who imprisoned him and deprived him of the best years of his life. If he can do the almost impossible, why can't we accomplish a comparatively simpler task, and that is

to forgive and reconcile our families?

Here are some steps to mend a family feud (Ref. Huffington Post):

- Get to the root of the rift. What started the whole drift?
- Was it jealousy, was it about money or inheritance, was it control by you? Be honest and own up to your mistakes in the feud.
- Step into the other person's shoes.
- Try to understand why the other person reacted as she or he did. Do not be judgmental. Consider what you did to contribute to the problem. Did you say something hurtful?
- Consider the effects on the rest of the family.
- Are you influencing your children, siblings or parents to keep away from somebody? Why deprive them of family association and peace? Remember it is not all about you. You are just an individual in a much larger family unit.
- Choose to forgive.
- Holding a grudge can destroy you emotionally. Forgive and set yourself free.
- Stand up and be a hero.
- Compromise. Stop blaming others. Swallow your pride. Begin the healing process today.

I wish you all a merry Christmas and a peaceful, loving and happy New Year.

Christmas carols light up the lives of locals

The Ignite Youth Group of Revival Ministries held a special and memorable Carols by Candlelight evening at the church premises in Croftdene, last week. This Christmas tradition originated in south eastern Australia in the 19th century, and has now spread around the world. The youth sang several festive songs which warmed the hearts of all those present.

MF urges residents to stay safe this festive season

The festive season of Christmas is one of joy and happiness. Pre-season festivities are celebrated by families in sprawling malls purchasing gifts and luxury food items for ongoing get-togethers.

Such get-togethers are held at home, street parties, hotels, parks and beaches. The Minority Front advises extra caution in the use of alcohol. Do not drink and drive from functions. Choose a sober driver. Drugs are com-

pletely out of the question and residents are urged not to speed on the roads. Beach goers should swim in safe life-guarded areas. The Minority Front wishes all readers a healthy, prosperous and blessed 2017.

Christmas Feature

Be a blessing this festive season

Being in the media industry, I have a front row seat to witness the harsh realities and life-altering challenges faced by many in our community as well as celebrate with those who excel in their specific fields. But the part I look forward to and enjoy the most, is watching how the festive spirit lights up our communities and how residents rally together to spread hope, love and happiness.

Over the years, the true meaning of Christmas has been altered with commer-

cial factors dominating the historical significance of the holiday, but when I see families reaching out to the downtrodden, when children's faces beam with happiness and when hope and love are spread, I know the importance of the season is not entirely lost.

Selfless acts depict the pure characteristics of God and we are merely vessels, placed on Earth, with a destiny and designed purpose to positively impact the lives of those around us.

This Christmas, let us remember the reason for the celebration, the birth of our Lord and Saviour, Jesus Christ. As we continue with our preparations, spare a thought for the less fortunate, those who are mourning the loss of a loved one and those are desperately seeking guidance and love. Often, we tend to lose sight of how blessed we truly are, and we don't express our appreciation. Admist all the celebrations and festivities, show your appreciation for all the things you have been blessed with by reaching out to someone

who will be having a bleak Christmas. It's not always the gifts that are wrapped under the Christmas tree that are special, it's also the gifts of happiness, love and your presence in the lives of those who are longing for help that will make the perfect present. Wishing you all a blessed Christmas and a prosperous New Year. May 2017 be filled with an abundance of adventures, amazing opportunities and unforgettable memories.

Regional manager of the Rising Sun Newspapers, Shireen Govender.

The true meaning of Christmas has been tarnished

It is that time of the year again when people want to over shop, buy expensive clothes and over spend on unnecessary items that won't be of much use. I believe that the true meaning of Christmas is going out and making a difference in the lives of the less fortunate by giving more than receiving. I write this letter in an attempt to speak on behalf of all the starving children in my area, whose cries go unheard. If a child on the streets, who has nothing, is willing to share then why are we, who have everything, still so greedy?

Starving and homeless children are always wandering the streets to look for food in Chatsworth and we act as if we have all the time in the world to fix it. We are all in this together and should act as one single world towards one single goal. The community needs to come together and help spread the joy by helping others that don't have as much as we do.

Saieshan Govender

Fun and excitement at Christmas craft programme

Montford Library held a Christmas holiday craft programme over three days, recently. Children who attended the programme enjoyed making Christmas trees, wreaths and a Christmas themed bookmark. The fun-filled days ended with each child receiving a sculpted balloon.

If there is one thing people want during Christmas, it's the security of having their family and loved ones around them and a home that is safe. But not everyone enjoys that right. Thousands of families will spend this Christmas in makeshift shelters and squatter camps across the country and communities. Throughout our communities, some will spend the festive period ill, homeless or alone. We must also pay tribute to the thousands of doctors, nurses, police men and women and volunteers who give up their Christmas to help the vulnerable – and to those who are spending this season even further from home. Let us also be mindful of our brave armed forces who are doing their duty around the country to protect us. I must also extend my appreciation and gratitude to my loyal and

invaluable staff who have worked hard to provide a quality product. We will also continue to provide the best quality service to our readers and customers in the years to come. In closing, I wish all our loyal readers, advertisers and contributors well over the festive period and I hope that 2017 brings you much joy, prosperity and happiness. Let us rekindle in our minds and hearts the teachings of love, compassion and tolerance.

Causes of itchy eyes

During this time of the year, many people complain of itchy eyes and find themselves rubbing their eyes frequently. Most often, itchy eyes are caused by some type of allergy. Pollen, dust and animal dander are common causes of allergies and result in itching, redness and swelling of the eyes and the tissue surrounding the eyes.

Rubbing the eyes does not help; it may actually make things worse as it may result in scarring and/or vision changes.

Eye allergies can be seasonal or perennial (continuous). Seasonal allergies cause what's known as allergic conjunctivitis. It is most common in the spring, early summer and autumn and is

caused by exposure to pollen especially from grass and weeds. Perennial allergies, on the other hand, are present all year long and are caused by things like mold and dust. Allergies may also cause watering and burning eyes and there may be present with stringy, sticky discharge. Certain products that we use can also cause allergy-related itchy eyes.

For example, some people develop allergies to contact lens solutions, makeup, lotions, creams and soaps. Patients may experience irritation, a gritty sensation and discomfort in the eyes. However, allergies are not the only cause of itchy eyes. Infections of the eye and or eyelids and dry eye syndrome can also

cause itchy eyes. The treatment for itchy eyes varies depending on the underlying cause. Special eye drops, gels, and ointments may be recommended. Sometimes warm compresses or oral medication may be prescribed. It is important to have a thorough eye examination done to correctly identify and treat the underlying cause. If you have any questions please contact Yurisa Naidoo at 319 Lenny Naidu Drive, Bayview Chatsworth on 0314008181/0

Molly Govender (chairman) and George Vegan are seen with some of the senior citizens who attended the party.

Seniors enjoy Christmas celebration

The Montford Senior Citizens Golden Oldies Club held its annual Christmas party, recently. Members were treated to a sumptuous meal and exciting entertainment.

The Galaxy Senior Citizens Club held their Christmas party recently. Seen are the excited members who are looking forward to the festive season.

Christmas...a joyous celebration

Amidst the craze of last minute shopping and endless partying, stop and consider the true meaning of Christmas. Or is it merely a time when families gather and feast over sumptuous meals or does this season have a more profound and deeper significance? To most people, Christmas has become synonymous with just another public holiday. But no dear reader, Christmas is indeed far more than that. It is the ultimate expression of a loving Heavenly Father's pure, inexhaustible love for his sin infected dying world. Your loving Father has made a way of escape for you from the immense darkness that surrounds you. Isaiah 9:2 Amplified Bible (AMP) The people who walk in [spiritual] darkness Will see a great Light; Those who live in the dark land, The Light will shine on them. He has given you the great light, Jesus Christ to illuminate your path! Born in a manger to a virgin mother, the saviour of the world has but one mission to rescue those in deep darkness and bring them into his saving light. Christmas is a time of hope, joy and peace. Isaiah 9:6 (NIV) For to us a child is born, to us a son is given, and the govern-

ment will be on his shoulders. And he will be called wonderful counsellor, mighty God, everlasting father, prince of peace. A child had to be born and go on to fulfill a God given purpose. It is God's ultimate plan to reconcile himself to his lost family. A family he loves so much and longs to be intimately acquainted with. Are you ready to leave behind the pain, despair and lack of the world? Come, let us celebrate together the birth of our lord and saviour, Jesus Christ. Experience the liberty of the Saviour's love. John 3:16-17, tells that Christ came to love the world and not to condemn it. As you search for your purpose and your destiny in life may you find it this Christmas! May you have a blessed Christmas and a Prosperous New Year.

18-FILLER HENRY FORD 3x3

“A man who stops advertising to save money is like a man who stops a clock to save time.” - Henry Ford

Mazda 2 1.5 DE Auto

More bang for your bucks

By Miles Downard
Mazda has undergone something of a revival since its split from Ford. The company is hammering out some great looking machines, at great prices, with great results. This is one of the newer offerings, called the Mazda 2. It's not a new nameplate, with this B segment hatch having been around for some time, but trust me everything else about it is.

On the outside: Stunning little thing isn't it? Nice and edgy in places, rounded and voluptuous in others. In red it's especially striking. There can't be any complaints in this department.

On the inside: If there's one spot that the new generation Mazda falls down a little it's the interior, but only because of how striking the exteriors are. I suppose you expect that to continue, but it doesn't quite. Instead you're met with a clean and simple layout in the 2.

An 'i-drive' type toggle allows one to navigate through the infotainment system and other gadgets on offer there (like navigation in this top spec model). Dials and switch placement is ergonomically satisfying.

Space wise there's enough to be competitive in the segment. The boot isn't quite wide enough for a set of golf clubs, for example, but otherwise it is deep and spacious.

Behind the wheel: This 1.5 DE model indicates it's got a turbocharged oil burner under the bonnet. It's a 1.5-litre of

course, good for 77kW and 250 torques. An auto 'box delivers power to the front wheels. It's a remarkable combination, probably the best small diesel auto combination I've ever driven to be honest.

Mazda has worked magic with power delivery and gearing. And fuel economy. Man this thing sips frugally at the tank, even producing sub 5 litres per hundred kilometres in stop start town conditions.

Pricing: The Mazda 2 1.5 DE Hazumi is R294,600. Might sound expensive for what is in essence a small hatchback. But compared with the rest of the segment, bearing in mind this has navigation, cruise control, climate control and a few other goodies, it's very competitive.

Verdict

LINE this up against any other diesel in the class and I'd take the Mazda every time. It's different, looks great, drives like a dream, is super economical and comes fully loaded. What more could you want?

Wedded bliss

Louwade and Ulita-Ann Marimuthu (pictured) tied the knot, at a colourful wedding ceremony in Chatsworth, recently. Close family and friends wish the happy couple everything of the best.

Dream Studio School of Performing Arts held its annual awards and talent search at the Aryan Benevolent Home in Chatsworth, recently. Kripa Hari-parsad excelled in the drama category scooping the first position trophy. She did the story of Lord Krishna in a most amazing performance that tugged at the audiences heart strings. Chatsworth Centre Bursary Fund

Many students excel throughout their schooling career without furthering their education after matric. These students have the ability and will power, but due to a lack in financial assistance many of these scholars are left with no opportunity to study further and are left with minimal options, of which seeking employment and not perusing to further their education.

Chatsworth Centre understands that many students and their families will be faced with the uncertainty of whether their matriculated children will be able to further their studies and eventually pursue a career and start their dream job. Knowing that it can be difficult, Chatsworth Centre's Bursary Award campaign will provide an opportunity for students to gain a chance of winning bursaries. We want to ease the financial burden of deserving students who will be the beneficiaries of the 2017 Chatsworth Centre Bursaries, to the value of up to R 100,000. Chatsworth Centre has decided to not only allow 2016 matriculants to enter, but to anyone who wants to study further and has not had the finances to do so. The bursary is now open to all 2016 matriculants and to those between the ages of 17 to 25 with a matric qualification.

The aim of providing the bursary is to kick start the tertiary education of the selected students by providing a subsidy in the form of a bursary towards the first academic year only. The community of Chatsworth face ongoing social issues and some youth are of the belief that there is little or no hope and prosperity for their future. A growing concern for the youth in the community, many of which are intelligent and that have a desire to further their education, financially cannot afford to do so. Being a community Centre in the heart of the Chatsworth community, this is an ideal platform for the Centre to intervene and contribute to the future sustainability and development of our youth by providing bursaries to underprivileged students who have excelled in their matric year.

To apply for a bursary, please ensure the ffg:

- This bursary is applicable to students who have matriculated in 2016 and to anyone who wants to study further – aged 17 to 25 only.

- For those entering that didn't matriculate in 2016, a statement of results from the university will need to be provided if the application is not for their first year of studies.

- All entrants will need to cut out the application cover page and attach it to the application form

- Application forms are collectable at the Chatsworth Centre's marketing office or Information desk until January 27, 2017.

- Once you have com-

pleted the application form and have attached the application cover page, you can hand deliver your application to the marketing office or Information desk between January 2 – 27, 2017 along with your supporting documents

- Applications are open to residents of

Chatsworth only.

- Completed application forms must reach us by no later than Friday, January 27, 2017.
- An independent judging panel will review each application and the Chatsworth Centre marketing office will contact all successful students by no later than Wednesday.

February 8, 2017.

For more details on the competition, contact the Chatsworth Centre marketing office on 031-401-9517 or visit www.facebook.com/chatsworthshoppingcentre or www.chatsworthshoppingcentre.co.za for full terms and conditions.

Members of the Winkelspruit Bowling Club enjoyed being in Chatsworth.

The Chatsworth Bowling Club members once again displayed some top skills.

Mega fun at bowls competition

The Chatsworth Bowling Club hosted a Mega Bowls competition, recently. Six mixed teams of four from the Winkelspruit Bowling Club arrived in Chatsworth on this sunny, breezy morning to enjoy a day of bowls with six teams from Chatsworth. Two games of twelve ends were played. Although two sides were represented, the competitions secretary, Guru Pillay, announced that this competition would recognise the four best performing teams,

namely the highest scoring teams in each session, the overall winners, and the runners up. The camaraderie and cheerful atmosphere

throughout the day inspired a general consensus that the Winkelspruit/Chatsworth competition becomes an annual event. The members of

Chatsworth Bowling Club thanked Dr Mervyn Swamivel Pillay for his kind sponsorship of prizes.

Fishing Report

Fishing:

Pompano, Stumpnose, Grunter and Shad have all been caught along the Durban beaches and piers. The Durban harbour has produced Brown Skates, Grunter and some large Black Tails. The Dorado

are here and most charter boats are bringing back good catches of game fish as well as a mixed bag of bottom fish.

Weather:

Expect cloudy cool weather midweek with very settled

seas. Temperatures will rise towards the weekend and conditions will be very humid. Stay hydrated and protect your eyes and skin.
